DAVID SPENCER LTD. SHOW TYPICAL JERSEYS AT WILLOWS

The above animals are members of the Jersey herd owned by David Spencer, Limited, and raised at Port Hammond. They have won recognition in many places, and were conspicuous for their success in Vancouver at the exhibition there. They are to be seen at the Victoria Fair at the Willows, and are expected to rank among the foremost cattle arrayed for judging there.

C.P.R. DIRECTORS LEAVE FOR WEST

President Beatty Receives Invitations to Deliver Addresses

Montreal, Sept. 5.—President E. W. Beatty, of the Canadian Pacific Railway, and the directors of the company, leave this morning for their annual tour in the West. Mr. Beatty has received invitations to deliver addresses in a number of western cities.

CITY HALL TO CLOSE

On account of the civic half-holiday the City Hall will close at twelve noon. Normally the closing hour on a half-holiday would be 1 p.m., but as the holiday was created to permit of a large attendance at the Fair on Citizens' Day the extra hour was accorded city officials by Mayor Hayward.

THIRTY CANADIAN MISSIONARIES SAFE

Head of Mission in Japan Receives Reassuring Telegram

Toronto, Sept. 5.—It is believed that the thirty Canadian missionaries connected with the Church of England mission in Japan have been saved from the earthquake and resultant calamity. Headquarters of the mission here to-day received from Right Rev. H. J. Hamilton, the head of the mission, the reassuring cablegram "All safe."

COMPLICATIONS FAIL TO UPSET PLANS OF ITALIAN PREMIER

Milan, Sept. 5.—It was confirmed to-day that despite the international complications, Premier Mussolini will not only attend the automobile grand prix here September 6 to carry out his agreement to start the race, but will himself drive one of the racing cars one lap.

BANK COLLAPSE HITS SCHOOLS IN TORONTO

Manila, Sept. 4.—Advises received here from the Mitsui wireless agency say that the Japanese Bank and all surrounding buildings in Yokohama were destroyed. It is feared many of the directors of Mitsui were caught in the collapsing buildings, as it was customary for them to hold a conference at noon each Saturday.

DREAMS OF CHILDHOOD COME TRUE WHEN SISTERS MARRY EARLS

Montreal, Aug. 31.—The last chapter of a fairy tale of childhood comes true in being written in the social registers here.

It began fifteen odd years ago, when two pretty little girls were playing together in the nursery of George Cook, one of Montreal's captains of finance.

A nurse had just been reading to them a tale of chivalry and romance. The children were enthralled. They dropped their dolls and playthings and listened attentively.

But finally the story ended, and the older of the sisters sighed, and chimed in the younger girl, "but he must be an earl."

"The older girl came back: "Yes, I think I shall marry an earl, too."

The nurse smiled and repeated the story to the children's parents. They laughed and passed it up as just a dream of childhood.

But two years ago Miss Marion Cook, the older sister, startled her friends on two continents by the announcement of her engagement to the Earl of Minto.

And now comes the final rounding out of the prophecy of childhood with the engagement of the younger sister, Miss Sara Cook, to the Earl of Haddington, a noble, as heroic as any character in the fairy tales.

He comes of one of the oldest families in the nobility of Britain. Ancestors of his have served in the army and in the law. At one time no less than three sons and a father were at the same time filling the highest judicial office in Scotland of Lord of the Sessions.

LEGISLATURE WILL OPEN OCTOBER 29; GOVERNMENT PLANS REDISTRIBUTION

(Continued from page 1)

prove a formidable task. As a result of redistribution, it has been predicted the number of members from southern British Columbia will be reduced with the possibility of an increase in the northern areas, where population is growing. Population in certain districts of the boundary country has decreased greatly as a result of the lull in mining activity, and it is proposed that perhaps two of the constituencies there should be combined and represented by one member. Meanwhile the north country is demanding greater representation.

The attitude of the Government on these questions, has not been divulged, but it is known that the premier is anxious to avoid any increase in the total number of members and a consequent increase in the cost of administration.

P.G.E. Problems Up

The Pacific Great Eastern Railway as usual will be a leading theme of debate at the coming session. It is expected that during the session the Government will announce its policy on the extension of the line into Prince George. Hon. J. D. MacLean, the new Minister of Railways, who has been busy reforming the operation of the railway to cut down expenses and increase revenue, will make his first report on railway conditions to the House. Dr. MacLean's views of the P.G.E. problem and its solution are awaited with eagerness by members of the Legislature.

Public Works estimates and particularly road appropriations will be a hot topic of debate. As already announced, the Government will bring down appropriations for important new roads, among them the last link in the transprovincial highway, as part of its policy to give British Columbia the best roads possible both for settlement and tourist purposes.

Hon. John Hart, Minister of Finance, will return to Victoria shortly after visits to England and they are expected to bring back ideas which will be of value to the House.

Measures for aiding immigration and settlement in British Columbia, it is anticipated, will form part of the business to come before the Legislature before it adjourns.

Efforts of British Columbia municipalities to bring about big changes in the provincial taxation system and to secure a share of provincial revenues will feature the work of the Municipal Committee of the House. The municipalities are planning a determined effort to secure a share of all taxation collected by the Provincial Government within municipal boundaries. This taxation includes the income, automobile, personal property, and amusement levies.

PARALYTIC WOMAN AND HER CHILDREN BURNED TO DEATH

Vancouver, Sept. 5.—Mrs. J. Zemel and her two small children, eight and two years old, were burned to death early this morning when fire destroyed their home in Blenheim Street, Point Grey.

The woman was a paralytic confined to her bed and was unable to help herself or her children when the flames broke out.

Le Temps' Advice

Paris, Sept. 5.—The Council of the League of Nations is strongly urged to-day by Le Temps, a semi-official organ, to refrain from any action in the Greco-Italian controversy.

The league is capable of doing a great deal of good, it says, if an agreement exists between the great powers who are members of it, but, it adds, the league risks becoming the object of ridicule, as the newspaper asserts it became in the Vilna affair, if such an agreement does not exist.

Mussolini Determined

Rome, Sept. 5.—In an energetic statement before his Council of Ministers yesterday, Premier Mussolini further emphasized his determination not to recede from his stand in the conflict with Greece. He was firmly decided rather to withdraw from the League of Nations than to allow what he considered illegal interference in Italy's right to protect her honor, dignity and the life of her subjects and to claim adequate reparation when he had been so terribly outraged. The Premier, in equally strong words, stigmatized the attitude of British newspapers, which had adversely criticized his stand in the controversy.

"The threat of a fresh war is merely a bogey intended to impress public opinion," said the Premier. "Since neither Greece nor Jugoslavia can, and Italy does not intend to make war, the bogey vanishes in thin air. It is true, reports of Santiquaranta say, Albanian troops with cannon and machine guns are massed at the Greek frontier fearing complications; but such movements more or less by regular troops constantly are occurring in that region."

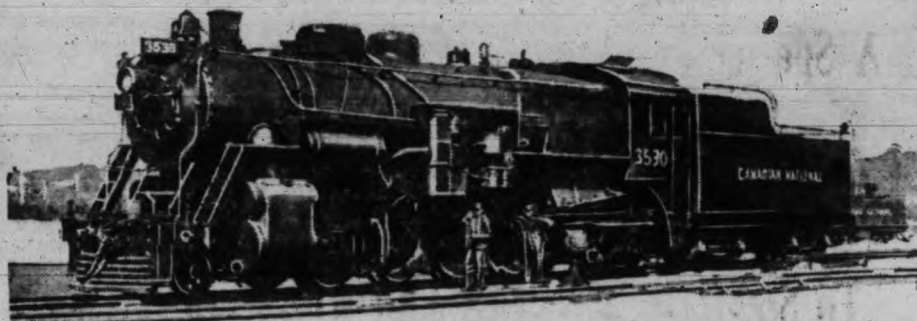

Geneva, Sept. 5.—It is reported that Paul Hyman, the Belgian delegate, has received orders from Brussels to stand solidly with Great Britain in assuring respect for the league's pact even at the cost of Italy's withdrawal from the league.

New York, Sept. 5.—Cable communication between Corfu and Athens has been restored from British Italian censorship, according to a cablegram to the Near East Relief from Athens.

BOYS KILLED BY CAR

Toronto, Sept. 5.—Alfred Schnapp, four and Frank Fethick, seven, were killed yesterday by motor car while they were playing in the street, and three exhibition visitors from Detroit were injured when their automobile was struck by a truck.

HUGE LOCOMOTIVES OF THE MIKADO TYPE ARRIVE FOR FALL GRAIN RUSH ON C.N.R.

New locomotives of the Mikado type for the movement of the 1923 grain crop over the Canadian National Railways have begun to reach the West. The new locomotives, which were built at Montreal, are of the latest type with all new improvements. They are 73 feet in length and weigh approximately 450,000 pounds with a drawbar pull equal to 5,500 tons. The engines, which are for freight use, are equipped with automatic stokers, Westinghouse air brakes and air reverse and have the new type of Worthington feeder, water heater and pump. One of the changes in the new engine is the cab design, all mountings being installed in a box outside of the cab instead of inside the cab as in former types.

Twenty-three of the new engines are coming West for the Manitoba division in time for the beginning of the grain movement and 22 are coming for the Saskatchewan division. An idea of the size of the new engines may be gathered from the fact that before starting out on a run they require 12 tons of coal and 8,300 gallons of water to complete their tender supplies. The new engines are all equipped with the Booster truck and ten of those to be delivered later will have Booster engines installed. These provide practically additional motive power on the tender and are of great value in starting heavy trains. The engines are being placed in service as quickly as they reach the Western divisions.

Fear for Safety of French Mission on Albanian Frontier

Rome, Sept. 5.—A dispatch to the Giornale d'Italia from Valona says the Serbian delegation for the delimitation of the Serbo-Albanian frontier has sent an urgent message to the head of the French delegation asking postponement of the placing of landmarks for the delimitation of the northwest frontier toward Scutari. The Montenegrin population of that region, he declared, refused to evacuate the territory assigned to Albania and the Serbian Government was powerless to insure the safety of the French delegation.

The message is said to have produced a tremendous impression at Tirana and Scutari and to have resulted in a meeting of the Albanian deputies at Valona to discuss the situation in the light of a possible Greco-Serbian move.

Shepherds Arrested

Athens, Sept. 5.—Three shepherds who were near the scene of the murder of the five Italian members of the Greco-Albanian boundary commission have been arrested. One of the men is said to have seen the actual killing of the Italians. The other two saw six Albanians, answering descriptions of the murderers given by eyewitnesses, crossing the Albanian frontier.

The Greek Government has offered a reward of 1,000,000 drachmas for information leading to the arrest of the murderers.

GREECE SUGGESTS NEUTRAL DECISION

New Plan Submitted to League
Council at Geneva

Geneva, Sept. 5.—A high political drama was played at Geneva yesterday when Greece appeared before a hurriedly convoked public session of the Council of the League and announced new terms for a settlement with Italy. The Greek proposals were as follows:

"The Greek government suggests, firstly, that the council should appoint one or more neutral representatives."

"(a) To superintend in Greece, the judicial inquiry, which the Greek authorities have already begun, and also the trial of those responsible for the Janina murders."

"(b) Assist in the work of the commission which Greece has proposed through the Council of Ambassadors for investigating in Albania and Greece the circumstances which preceded and accompanied the crime."

"Second—That the Council should instruct a commission composed of high judicial authorities, Greek, Italian and neutral—for example, the president of the Swiss Federal Tribunal or the president of the permanent court of international justice—to meet as soon as possible in Geneva to settle the amount of indemnities which it is just that we should pay the families of the victims."

"Third—That the Council should agree that the Greek Government forthwith deposit in a bank in Switzerland \$5,000,000 lire as a guarantee for the payment of whatever indemnity may be decided upon."

Wordy Clash

Those who succeeded in entering the Council chambers witnessed a courteous but firm wordy clash between Signor Salandra and M. Politis, Italian and Greek delegates respectively, an amicable tossing of oil on the troubled waters by Lord Robert Cecil, and witness also proceedings which put up to Italy for the second time the question as to whether she will accept in any form whatsoever the assistance of the League in regulating her difficulties with Greece.

M. Politis played his second stroke to-day with a fine Grecian touch, but Signor Salandra, always jolly and smiling, won his point in insisting that in putting his new proposals M. Politis should get down to bald facts, without attempting to argue the justice of the Grecian cause.

M. Politis then proposed the new Greek suggestion, adding that this indemnity was the amount of what Italy originally demanded.

During the first part of the session, which was private, Signor Salandra announced that he was giving instructions from Premier Mussolini on Italy's final attitude. When the attendants threw open the doors, making the meeting public, they were almost stamped by the crowd in the corridors, many of them women. There was a hurried consultation among the officials, after which it was announced that only press representatives would be admitted.

Fortunately, the disappointed League followers were at least able to see the meeting of the Council, if not hear, since on three sides great glass doors permitted a view of the proceedings.

When M. Politis arose he said Greece wanted a prompt settlement. After summarizing the Greek and Italian official notes and indicating the points Greece was unable to see her way to accept, he remarked that Italy demanded capital punishment for the murderers, and proceeded to argue that no tribunal would hesitate to mete out the most drastic form of punishment.

Signor Salandra interrupted with: "That is an opinion. We were here to listen to your offer, not to arguments."

Lord Robert Cecil intervened, saying that the public should know all the facts, because publicity was conducive to justice.

M. Politis remarked that he merely wanted to say what could be made a basis for an eventual arrangement. Signor Salandra, however, was obdurate, and insisted that M. Politis was arguing and that he (Salandra) could not answer because his instructions had not arrived from Rome.

LAKE COWICHAN NEWS

Lake Cowichan, Sept. 2.—Miss V. George of Victoria has been appointed teacher for this district.

Mr. and Mrs. H. T. Hardinge have returned to the lake. Mr. Hardinge is progressing favorably after undergoing an operation at St. Joseph's Hospital, Victoria.

Miss G. Lockwood has returned to Falkland, B.C., to resume her duties as teacher.

A number of visitors spent the week-end at the lake for the holidays.

Mr. Cecil Douglas, youngest son of Mrs. J. Douglas, met with an accident yesterday. Dr. H. N. Watson attended him and found he had a slight concussion.

Mr. T. Stubbs, after visiting the lake for six weeks has returned to his home in Victoria. His daughter, Miss M. Stubbs, is residing in Seattle now.

Mr. Baker is building a house on his lot near the school. He expects to put a sixteen passenger char-a-banc on the main route.

Miss M. Lockwood is visiting friends in Victoria and is progressing favorably after being in St. Joseph's Hospital.

All the camps have resumed logging operations.

Mr. E. McCull, station agent, is taking his two weeks holiday.

A wedding of considerable interest took place very quietly in Duncan early Thursday morning, when Birdie, second daughter of Mr. and Mrs. W. Poirier, became the bride of Albert Bally of Vancouver. Father Jenson officiated at the ceremony, which was attended by immediate relatives only. The bride, who was given away by her father, wore a becoming and smart traveling suit of blue gabardine and white hat and carried a bouquet of roses and maidenhair fern. She was attended by her sister, Miss Evelyn Poirier, as bridesmaid, who wore a pretty dress of blue crepe de Chine and hat to match, and her bouquet was made up of carnations and roses. The bridegroom was supported by Mr. E. Poirier. They left on the 11 o'clock

Close Co-operation Needed

"We rejoice in our long friendship and in permanent peace, and it would be a short-sighted view that either of us has any real interest which is to be promoted without regard to the well-being of the other and considerate treatment which conditions good will. I am saying this personal word as much to the people of Canada; it breathes neither complaint nor criticism, but a keen desire for the co-operation of the closest friends, each secure in independence and in assurance of amity."

"We have formed the habit of peace. Differences arise, but our confidence in each other's sense of justice and peaceful intent remains unshaken and dominates our purposes and plans. The only pathway of peace is that in which our peoples are walking together. In the depths of our grief at the loss of the great leader, whose every thought, whose

constant endeavor, were directed to the establishment of peace, it is a precious memory that almost his last words were spoken on the soil of your country testifying to our abiding friendship, our mutual interests, our common aims. Let these words of the late President ever remain as the expression and assurance of abiding peace: "Our protection is in our fraternity, our armor is our faith; the tie that binds more firmly year by year is ever-increasing acquaintance and comradeship through interchange of citizens; and the compact is not of a perishable parchment, but of fair and honorable dealing which, God grant, shall continue for all time."

VISITING OUR FORESTS

Delegates to the British Empire Forestry Conference are not concerning themselves about the manner in which the working lumberman converts the fallen monster of the forest into the finished article. They are fully aware of the fact that the industry in this part of the world is conducted in about as efficient a manner as it is possible to conduct it. But they are exercised about the highly important scientific phases as understood in terms of conservation and preservation. On that account alone the distinguished visitors who have just commenced a tour of Vancouver Island will find much that is both interesting and instructive in this particular section of the country.

Reports of the earlier sessions of the Conference have indicated a general determination throughout the Empire to arouse a more practical interest in the wealth that is represented by the forest. Preservation and protection policies are of great importance to the national and provincial governments of Canada because the scientific forester has already dispelled a generally popular idea that our forest resources are unlimited. As a matter of fact careful investigation has shown that unless more prudence with the axe shall be exercised, unless the annual ash heap occasioned by preventable fires shall be considerably reduced, the danger of depletion will become very real indeed. We take it, therefore, that the prime concern of the Forestry Conference is to bring home to the industry itself and the Empire in general the necessity to adopt such measures of conservation and renewal as will not hamper legitimate enterprise or unduly restrict this source of continuous revenue for the state.

We in British Columbia have more than a nodding acquaintance with the damage which forest fires cause to one of our greatest assets. Most people are familiar with the pointed warnings that are to be seen on the roadside in every part of this Island. And one marvels that the precaution which is taken to protect the average business block should not suggest the necessity for a more elaborate system of safeguards in the woods. Sooner or later the people will have to authorize larger appropriations for this highly important work. Even those who scoffed at patrol from the air will have to confess that such outlays can now be reckoned as good investments.

THE LEAGUE SHOULD ACT

Editorial opinion in Great Britain among friends of the League of Nations looks with grave concern upon Mussolini's threat to withdraw from the organization if it should insist upon intervention in the Graeco-Italian issue.

The situation is obviously a difficult one for the League to face; but there is only one course for it to follow. It must tell Mussolini that Italy's charter membership carries no dictatorial rights. It must insist upon intervention and demonstrate to the peoples of the world that it intends to do business in their interest. Should it fail to do this it had better apply for a winding-up order without delay.

The Treaty of Versailles and the Covenant of the League of Nations represent the dethronement of Hohenzollernism. Do the foes of despotism intend to allow Fascism to take its place?

ITS FIFTIETH ANNIVERSARY

This year marks the fiftieth anniversary of the founding of the B. C. Protestant Orphanage. The number of children who have been cared for by this splendid institution and have passed out of it to careers of usefulness in that time must now reach imposing proportions. Hence the service which the Orphanage, in common with all other similar institutions, has rendered to the state has been of inestimable value. Compared with the child every other asset of a country sinks into pitiable insignificance, and history records numerous instances in which the whole character of civilization has been influenced for good by great men and women who as children were nurtured and trained in establishments of this kind. Generous provision for orphanages, therefore, is an investment of supreme value. It is good business in the superlative degree. The B. C. Protestant Orphanage has many times justified the assistance which has been given to it, officially and unofficially, by the community, as well as the vigilant and efficient interest shown by those associated with its management, since its inception. To-morrow the annual Pund Party will be held and in view of the fact that it also will be the fiftieth birthday celebration of the institution, it may be taken for granted that the occasion will be marked by generous support both in attendance and contributions.

A USEFUL GIFT

The Province will learn with a good deal of satisfaction that Mr. Pattullo is making arrangements for the provincial Government to co-operate with the timber industries of this Province in the sending of a gift of lumber to Japan. This will be much needed assistance in practical form and will be warmly welcomed by the unfortunate people in the Island Empire. And it can be taken for granted that the Canadian Government Merchant Marine will do its part by furnishing one of its vessels to undertake the conveyance of the gift across the Pacific.

Apart from the very warm and genuine sym-

pathy which has been aroused in this part of the Dominion the gift which Mr. Pattullo has proposed will serve as a new assurance of British Columbia's appreciation of her increasingly profitable trade relations with Japan. In this regard transactions in lumber have taken a very important place and figures show that our exports of this commodity to foreign countries have been led in value and importance for some time past by Japanese purchases.

GERMANY COMING TO TIME?

Several dispatches reaching this country during the last day or so have intimated that Germany is on the eve of opening discussions with the French and Belgian governments on the subject of a reparations settlement. French opinion always has inclined to the belief that sooner or later organized passive resistance and its attendant cost would either oblige Germany to make a definite move towards a new agreement or present her with the alternative in the shape of a more or less serious revolution.

The new Chancellor seems to have inspired a feeling of incipient benevolence at the Quai d'Orsay which may be generated into a condition that will permit of negotiation. Added to this more hopeful outlook is the growing determination on the part of the workers in the Ruhr to ignore Berlin's instructions and replace passive resistance with labor at French behest. As a matter of fact several votes have been taken during the last few days with the result that large majorities have been recorded in favor of producing reparations in kind. This development alone no doubt is playing an important part in convincing the real governors of the country—the industrial barons and the financial interests—that the "rats" are leaving the "ship."

There is nothing to suggest that such more reasonable gestures as Germany is expected to make shortly will be accepted by France without stringent reservations. There will have to be no mistake this time. Unless Chancellor Stresemann and his colleagues are prepared to give France guarantees that will be respected they might just as well save themselves the trouble and time of negotiation.

Note and Comment

Victorians should heed the invitation of the Mayor to make to-morrow a half-holiday and spend it at the Fall Fair.

Baron Renfrew left Britain to-day for his ranch in Alberta. But if he should put his head out of the window of his railway compartment on his way across this country the people will soon "spot" the Prince of Wales.

Two or three days ago the country was startled with an announcement that many of the harvest hands who came to this country from Great Britain were stranded and without food or shelter. The report was promptly denied. There now comes an urgent call for still more help for the farmers in the West.

How is it that nations find it so difficult to apply the laws to themselves that they apply to the individual? The man who loses his watch to the thief is not permitted to chase his own method of redress. He has to tell it to the court and the court deals out suitable admonition. Mussolini might follow the advice of the League of Nations in his own and his country's interest.

Some Thoughts for To-day

When the lessons and tasks are all ended,
And the school for the day is dismissed,
The little ones gather around me,
To bid me good-night and be kissed;
Oh, the little white arms that encircle
My neck in their tender embrace,
Oh, the smiles that are halos of heaven,
Shedding sunshine of love on my face.
Chas. M. Dickinson.

For cleanliness of body was ever esteemed
To proceed from a due reverence to God,
To society, and to ourselves.
Bacon.

O, it is pleasant, with a heart at ease,
Just after sunset, or by moonlight skies,
To make the shifting clouds be what you please,
Or let the easily persuaded eyes
Own each quaint likeness issuing from the mould
Of a friend's fancy.
Coleridge.

From out the throng and stress of lies,
From out the painful noise of sighs,
One voice of comfort seems to rise:
"It is the meaneer part that dies."
Wm. Morris.

Our Contemporaries

DESCRIBING CALVIN COOLIDGE
London Observer:—The new president is described in newspapers as shy, canny, honest, simple, rigid, precise, close-lipped, assiduous, taciturn, strict, strong, studious, sedate, steady, silent, sincere, solemn, safe, slow moving, quiet, deliberate—an interesting composite picture. What do these adjectives promise for Europe and the world.

FROM HIM THAT HATH
Toronto Financial Post:—When 498 people in Canada pay more income taxes by \$3,000,000 than any other class, including 270,000 others with incomes of \$5,000 a year and less, it would seem that confiscation of wealth is no longer a mere theory. Surely this is a conclusive answer to those who ask that the burden of taxation be placed on those who can afford to pay.

PRINCE AND FARMER
Toronto Globe:—Dispatches say the Prince of Wales will live like a Canadian rancher for a month at his Alberta home. If he does, he may still live like a Prince.

WHERE THERE IS YEW

To the Editor:—I have been over the forests of Vancouver Island and the mainland, and I know that yew timber is scarce. But I know of one place where yew trees can be found. As to quantity and quality I cannot say, but a timber cruiser can go in and examine it; I can tell him where to go. It is no great trip. If he chooses to use it, I can give him the information.

FOR CHILDREN

To the Editor:—As a Victorian who has been for some months in Winnipeg and anxious to see where other places are in any way settling us, I find that there many of the best apartment houses make a point of taking one child at least in a family, which I believe, is no the case in many here, and yet we pride ourselves on having an ideal country for the children. We surely ought to make it an easy place for them to be brought up in and not make our visitors feel they are unwelcome among us, and houses of a good class are hard to find.

Were I a person of means and anxious to invest, I feel certain I could have a good home of the kind always full and be a benefit to the city if in a suitable part near a park, etc.
Hoping this may be of benefit and thanking you for valuable space.
A LOVER OF VICTORIA.

READY RESPONSE
TO RELIEF CALL

Funds Pouring Into Coffers of
American Red Cross For
Japanese Sufferers

New York, Sept. 5 (By the Associated Press).—This city to-day dug into its pockets to provide relief for the hundreds of thousands hurt, hungry and homeless sufferers of the catastrophe in Japan.

Americans and Japanese joined in a campaign started from headquarters of internationally known financial and charitable organizations. By nightfall the funds started with a check for \$50,000 from a banking affiliation, was pouring into the hands of American Red Cross—at a rate which would indicate a million dollars would be subscribed.

The Japanese relief fund, started by the Red Cross and a group of Wall Street financiers, was headed with a check for \$50,000 from J. P. Morgan & Company. Early contributions included the National City Bank, the International Banking Corporation and National City Company, who jointly gave \$50,000, and Kuhn, Loeb & Co., \$25,000. There were other checks for \$10,000 each.

The fund toward the million mark before it was fairly under way. Hundreds of wealthy Japanese businessmen agreed to a meeting at the Nippon Club with their New York consul to begin the collection of funds which would be turned over to the Red Cross.

The New York Stock Exchange and the Board of Managers of the Silk Association of America announced meetings to-day to decide on relief measures the organizations would take. The New York Cotton Exchange will hold a similar session Thursday.

Wall Street expects the Japanese Government to seek temporary financing in the London and New York markets as a result of the quake, but so far no requests for financial assistance have been received from the Japanese Government. Arrangements for a loan, even of a temporary nature, will take some time.

LITERARY NOTES

A volume of the selected poems of Robert J. C. Stead under the title, "The Empire Builders," will be published this Autumn by the Museum Book Company, of Toronto. Mr. Stead is at present studying crop conditions in the prairie country.

Mr. Pond, the American lecture agent, who has been in London this Summer, has been informing our English cousins that Mr. Hugh Walpole is now one of the most popular lecturers in America. Sir Philip Gibbs stands at the head of the English lecturers who cross the Atlantic, and he can command terms in America four times as high as any English lecture society can afford to pay. Next to Sir Philip Gibbs are Mr. Walpole and John Drinkwater.

E. T. Raymond, who has made a specialty of character description, has chosen Lord Rosebery for his latest subject. In his book, "The Man of Promise," Lord Rosebery, he says that the noble earl never talks poor English even when he talked poor sense. According to Mr. Raymond, Lord Rosebery has been a failure as a statesman because he was too much of an aristocrat. The statesman was hanged on his family tree. "The true Rosebery seems to have been the fifth Earl, the friend of kings, the husband of a Rothschild, the lord of many domains, the wearer of many chains and ribbons. And there, the true Rosebery's ultimate tastes and ideas were the tastes and ideas appropriate to a great aristocrat. It might amuse him to possess a philosophy as well as a family tree, to have the praise of reviewers as well as the congratulations of the royal enclosure, to run for a time the King's domains as well as his own estates. But none of these things were his serious business. His real affair was to be a nobleman, and do as a nobleman should."

Sir Henry Newbolt has been appointed to finish the official history of the fleet during the year which Sir Julian Corbett was writing when he died. As Sir Henry is already acknowledged as the Laureate of the British navy, he seems to be the right man to complete this important work.

Rev. Baring Gould in his "Early Reminiscences" (Lane), gives an indication of the popularity of Dickens when his novels appeared in parts: "One drawback to going abroad had been the publication in numbers of 'Nicholas Nickleby,' that was begun in 1839, and odd though it may seem, I think that really one reason for inducing my father to spend the winter at Cologne was that he might be more certain to obtain the issues of that story as they came out."

"The Singing Bone," by R. Austin Freeman, author of "The Vanishing Man," is a detective story that is different. The reader is told in the beginning who committed the crime, and the interest of the story lies in

the manner in which the detective pieces together the clues.

Labrador's famous missionary doctor, Wilfred T. Grenfell, is the author of a book of short stories entitled "Northern Neighbors: Stories of the Labrador People," which is announced for publication on August 24, by Houghton Mifflin. The stories are all based on his own experiences in Labrador.

Readers of Kipling's "Barrack Room Ballads" will remember Fuzzy-Wuzzey, who "broke a British square." The leader of the Fuzzy-Wuzzies was Osmay Digna, who is still alive at the age of nearly 100. The British foreign office has recently been asked in the House of Commons to release him after an imprisonment of twenty-three years.

Newspapers from Russia that the Government printing house has issued a 10,000 edition of the selected tales of O. Henry. Before any of the books could be shipped to the provinces, Moscow had absorbed the entire edition. Owing to the absence of any treaty between the United States and Russia, there are no royalties to pay.

Cash and Body Return

Cleveland, O., Sept. 5.—Seeking to avoid arrest after he robbed Mrs. George Brioli of sixty-three dollars contained in a handbag, a robber jumped into the Cuyahoga River.

"He's escaped," said police. "He's drowned, and we'll find the money with his body," replied Mrs. Brioli.

For three weeks, she and her children kept watch. Finally, the body was seen.

The coroner was summoned and took the body from the water. Still clutched in the dead hand was Mrs. Brioli's handbag—and her sixty-three dollars.

Fall MILLINERY

Thursday, Friday and Saturday

This Display Includes Every Type That Has Found Favor in the Millinery World

Early deliveries, the result of prompt buying by our expert milliners in Europe and America, make it possible for us to invite you to our millinery department so early in order to view our now complete display of the world's most popular hat styles, accepted by the fashion centres for Fall and Winter. While it has always been our privilege—owing to our method of keeping in close contact with the most dependable markets—to give our customers the newest, most refined in the millinery of the different seasons, we have this season excelled our usual assemblage of different types, qualities and numbers, making a display rather more interesting than in previous years.

Medium and small hats seem to have the preference this Fall, but many delightful wide brims and tricorne shapes are shown, while dainty toques and tam crowns are numerous.

The colors too are beautiful, the combinations striking yet distinctive, because of the tasty manner in which they have been blended. Large looped bows of velvet decorate many of the smaller hats, while feathers, flowers, beads and fruits are used with judicious taste on many models.

It is impossible to give a detailed description of the many beautiful hats in the millinery rooms, but you will be heartily welcomed on Thursday, Friday and Saturday in the department when you may take your own time to examine and admire the display

FRIENDLY HELP GIVES ASSISTANCE TO 266 PERSONS

The monthly meeting of the Friendly Help Association was held yesterday in the rooms in the Market Building. Eleven members were present, the small attendance being accounted for by the public holiday. The vice-president, Mrs. William Grant, presided. Seventy families were assisted during the month representing 266 persons.

Grateful thanks are extended to the kind friends who answered the appeal for children's clothing. They would feel much gratified if they had seen the joy of the children the association was able to outfit for the commencement of the school term. An appeal is now made for babies' layettes or the material for same which are greatly needed.

The Friendly Help Association acknowledge with grateful thanks the following donations received in August: Cash: The City, E. B. Jones, A. Friend, J. D. Virtue, "In Memory of William Atkins," R. P. Taylor, T. Wood, A. Sincere Friend, Miss Taylor, A. Friend, Rose Farm Dairy, K. and D. B. G. D. Christie, Clothing: Ernest Stonham, Mrs. Marsh, Dr. Howard Millar, Mrs. Lang, Mrs. Grieron, A. Friend, Mrs. B. Heisterman, W. Morkill, J. Proctor (neckties), Miss Houghton, Mrs. Andrew, Mrs. Hartley, Miss Dawson, Miss Galt, Mrs. Nichol, Mrs. Beasley, Mrs. Cross, Miss Moore, Mrs. Lightbody, Mr. Austin, Mrs. Thom Ross Street, Mrs. Little Dallas Road, Godfrey Parrott, Gilbert D. Matthews (shoes), A. F. C. Mrs. Matthews, Mrs. Huffman (pears and apples), Miss Ward (jam), Doris Walker (comic papers).

ORPHANS' HOME JUBILEE POUND PARTY THURSDAY

Local Institution Celebrating Fifty Years of Community Service

Fifty years of service for the community and succor for orphaned children will be marked by the Protestant Orphans' Home this year. Through all the vicissitudes of good times and bad, through the many years of warfare when philanthropists turned their generous donations into the channels created by the needs of war, this institution has struggled along under the capable and loving management of a little band of churchwomen.

To-morrow the annual pound party will be held, the one occasion this year on which direct appeal is made to the public. Because it is jubilee year for the orphanage, the ladies' committee is making a special appeal for generous donations of any kind, and will warmly welcome any friends to-morrow afternoon.

Monthly Meeting
 Mrs. Hisecks presided, and the following members were present: Mesdames Walker, Brown, Griffith, Shepherd, Wilkerson, Morris, Dillabough, Hammond, Boyd, Dorman, Beard, Fraser, Hughes, Cameron and Elliott.

The children were entertained at picnics during the month by the Rotary and Elks clubs, and very happy days were spent at each. Mr. and Mrs. Humphrey Baynes had all the children conveyed in tally-ho to their summer home at Albert Head, everyone enjoying the day immensely. The children are all back at school, and everything is satisfactory in the home.

The committee completed arrangements for the annual pound party, which will be held on Thursday p.m.

August Donations
 The committee wish to thank the following for donations during August: Mr. Tolmie (Cloverdale), 100 lbs. sugar; Mrs. R. T. Elliott, Mrs. A. McCormick, Mrs. E. F. Lang, Mrs. A. P. Gordon, Duncan, clothing; Mrs. Moore and Mrs. W. F. Salisbury, apples and vegetables; Mrs. Curtis Sampson, vegetables; Miss Hughes, one sack apples; Dominion experimental farm, apples, tomatoes and vegetables; Mr. Dunn, one box apples; Mrs. Thompson, 120 lb. cherries; Mrs. Martin, jam; Christ Church choir, Congregational Church and Mrs. A. Hurst, cake and sundries; Mr. D. McKillop and Mr. A. G. Hay, salmon; Mrs. Lewis Hall and F. M. Bryant, services; Daily Times and Colonist.

J.B.A. Dance—The James Bay Athletic Association will hold a dance at the Empress Hotel on September 14, when the prizes for the regatta at Elk Lake on August 25 will be presented. The hall will be appropriately decorated for the occasion with the club colors and ears. Tickets or information may be secured from the following J.B.A. members: E. Money, K. Adams, O. C. Wallis, F. Devereux, V. Bondroit, J. Watson, B. McMillan and R. Travis.

The Garden City Women's Institute will meet Thursday afternoon at two o'clock at the hall on Marigold Road. Mr. Carter will demonstrate hat making from crepe paper. Those who were successful exhibitors at the recent flower show will receive their prizes at this meeting.

MUCH BUSINESS AT CANADIAN CLUB

Women Appoint Nominating Committee; Countess D'Audiffret Speaker

Presaging the annual election of officers, a nominating committee was appointed at yesterday's meeting of the Women's Canadian Club, Mrs. J. C. F. Hyndman presiding. The committee was appointed from the floor, and included Mrs. W. H. Gee, chairman, Mrs. John Cochrane, Mrs. R. R. Taylor, Mrs. Wm. Henderson, and Mrs. Koyl. Nominations for the various offices should be sent to one or other of these members as soon as possible, as their report has to be presented to the club at the next meeting.

Mrs. Hyndman announced that Judge Emily Murphy, of Edmonton, would be the speaker at the next meeting on Friday, September 28. The president also announced the programme for the forthcoming convention of the Federation of Canadian Clubs, which will meet in this city on September 17, 18 and 19.

Countess d'Audiffret, in a charming little address, touched upon France's great need and her own work on behalf of the war orphans. The soloist of the afternoon was Miss Winifred Bell, who sang beautifully. In expressing the thanks of the club to the speaker of the afternoon and the soloist, Mrs. Hyndman extended the club's congratulations to Miss Bell on her winning of the gold medal at Toronto, coupled with the general regret at her departure to Vancouver.

AGED WOMEN'S HOME

Committee Hears Excellent Report; Two Rooms Now Vacant

The monthly meeting of the Aged and Infirm Women's Committee of Management met at the home yesterday afternoon. Mrs. Clay, the president, occupied the chair. Reports from the visiting committee showed that the health of the inmates with few exceptions was good also that two rooms were vacant at present. The following are thanked for motor drives given to a number of the inmates: Mrs. Henderson, Mr. Bird, Mr. Baxter and Mr. Alkman, who took several of the aged ladies to the Conservatory picnic. Flowers were donated by Mrs. Henderson, Mr. Pollock, Mrs. Grant and Ballantine Brothers; plums by C. Williams. The visiting committee for September is Mrs. Vincent, Mrs. Sabiston and Mrs. Harold Grant.

Miss Raugh-Allen has left Victoria to spend a holiday at Salmon Arm.

Mrs. A. W. Bevan Allen and Miss Allen, of Burrard Avenue, left on Tuesday for a trip to California by way of Seattle and Portland.

Miss Winifred Henderson, who has been spending the last few weeks as the guest of Mrs. Madge Oliver, Oak Bay Avenue, has returned to her home in Vancouver.

Mrs. T. H. Grant left on the S.S. Maquinna Saturday for her home in Port Alice, after having spent a pleasant holiday in Victoria, the guest of her mother, Mrs. G. A. Jackson.

Mr. and Mrs. H. P. Scott, Craigdarroch, announce the marriage of their daughter Constance Katherine, to Mr. George Crocker Henderson, of Vancouver, the wedding to take place early this month.

Mrs. Douglas Hunter, accompanied by her small son, Sandy, returned on Friday from London, Ontario, where for the past few months she has been the guest of her mother, Mrs. Hunt.

Miss Dot Riddell, who has completed her training as nurse at St. Joseph's Hospital, is leaving next Monday to visit with her father at Clayquod.

Dr. and Mrs. H. E. Ridewood and children, St. Charles Street, returned on Friday from London, England, where for the past three months they have been the guests of relatives.

Miss Kate McLaren has returned to Victoria from a two weeks' vacation, part of which was spent on a cruise up the west coast and the remainder visiting with friends in Vancouver.

Messrs. Dietrich and Ross Wilson, of Victoria; Arthur Proctor, of Vancouver, and Harry Marpole, of Vancouver, who have been spending their summer vacation at their respective homes on the coast are leaving on Monday to resume their studies at McGill University.

Mrs. W. B. Lanigan, The Uplands, returned recently from a few months' visit to Keewatin and Winnipeg. Mr. Lanigan accompanied by his daughter, Mrs. E. B. McCallum, is expected in Victoria shortly. Last evening in honor of her guest, Mr. J. R. Johnston, of Hongkong, Mrs. Lanigan entertained a number of guests at bridge and Mah Jongg.

Following the meeting of the Women's Canadian Club at the Empress Hotel yesterday the president and executive members entertained at tea the Countess d'Audiffret, Mrs. Lane, of Chicago, Mrs. Elliott, Mrs. John Saul, of Toronto, Mrs. Franks, of Vancouver, Mrs. D. M. Smith, of Saskatoon, Mrs. A. P. Clyde, of San Francisco, and Professor Eric Gordon, of Leeds University. The following members of the executive were present: Mrs. Hyndman, Mrs. Walter Scott, Mrs. R. W. Perry, Mrs. Bradshaw, Mrs. H. H. Smith, Mrs. Spofford, Mrs. J. D. Gordon, Mrs. R. F. Green, and Miss Margaret Clay.

A very enjoyable evening was spent when a number of friends of Miss Ethel Raymer, of Point Grey, Vancouver, gave her a surprise party at the home of her grandparents, Mr. and Mrs. E. Adams, Government Street. Among the self-invited guests were the Misses Neita Raymond, Jean Russell, Joyce Cave, Lily Delahanty, Hilda Elliot, Margaret Matthews, Eve McLennan, Iola Worthington, Margaret Hurst, and Bessie Bob-Addy. Attended by Misses Clifford O. and Joe Delahanty, Bill Delahanty, Melvyn Stafford, Ronald Burley, Kenneth Darbyshire, Jack Kinsman, Teddie Holder, Bill Anderson and Bessie Coulter.

NOVEL NUMBERS FOR THURSDAY'S CABARET

"Moulin Rouge" Attraction at Empress Hotel For War Orphans' Funds

A Moulin Rouge cabaret under the joint direction of Countess d'Audiffret and Mrs. E. C. Hayward, will be given at the Empress Hotel ballroom to-morrow commencing at 8.30 p.m. The proceeds will be divided between the funds for the war orphans of Victoria and of France.

The attractive programme will include a number of last evening's "Brothers," presented by the following Duncan ladies: Mrs. Geoffrey Stuart, Mrs. Reginald Corfield, Miss Swan, Mrs. Easton, Miss Innes-Noss, Miss Payne and Miss Aileen Smiley. Madame Valda will perform a solo dance and will also dance the minuet with Miss Spenderon. Mrs. Chas. E. Wilson and the Misses Harvey, Oates, Corrance and Briggs will present the Fussy-Wuzzy Bird. Mr. Harold Duggan, assisted by Mr. Jack Trace, will give an exhibition of legerdemain.

Heaton's orchestra will provide the music for dancing. Tickets for the affair may be obtained at the hotel and at Fletcher Bros.

GIVE DONATION FOR MEMORIAL AVENUE

Graduate Nurses Vote \$20 to Fund in Token of Their Interest

Graduate nurses of the city are rallying to the support of the Victoria war memorial committee in a practical manner, and at the monthly meeting of the Victoria Graduate Nurses' Association last evening a donation of \$20 was voted for this purpose. This decision was the culmination of a discussion in which the members expressed the hope that the Shelbourne Street memorial would be completed this year in commemoration of the fifth anniversary of the armistice, and the members pledged themselves to do all in their power to further this undertaking.

Sister Mary Mark's kind invitation to the association to hold a meeting at St. Joseph's Hospital was accepted and next month's meeting will be held there. Arrangements were made for a rummage sale on Saturday, September 15, in aid of the fund for furnishing the nurses' memorial ward at the Jubilee Hospital. Miss Morrison presided at last night's meeting, which was held in the Victoria Club.

AT THE THEATRES

CAPITOL

For the opening week of the third season of Capitol entertainment, one of the best of Western pictures ever produced is being shown. This was filmed in the exact locations of the original story. Zane Grey's most popular novel has been transformed into one of the greatest Paramount pictures of the season. The cast is an excellent one, headed by Richard Dix and Lois Wilson. The scenic splendor of the production is remarkable for the many outdoor scenes filmed in the Tonto Basin, Arizona, making the picture one of the best outdoor productions ever screened. "To the Last Man" will be one of the most talked of pictures of the year. The picture is presented with a program in which James Isherwood, the winning baritone, sings "The Long, Long Trail" and "Absent." The program is accompanied by special lighting and scenic effects.

DOMINION

The most beautiful hands in Southern California, recently adjudged so in a Los Angeles Beautiful Hands Contest, which drew thousands of entrants from every part of the state, belong to Mabel Coleman and may be seen in Gloria Swanson's new Paramount picture, "Bluebeard's Eighth Wife," which is attracting large audiences to the Dominion Theatre this week.

The judges declared Miss Coleman's hands to be perfectly symmetrical. Deep dimples adorn the base of every finger. The skin is soft and velvety to the touch. The nails are rounded and, save for the tips, are always in perfect shape. "It is not everyone's good fortune to have beautiful hands," declared

AT THE THEATRES

Capitol—"To the Last Man," Dominion—"Bluebeard's Eighth Wife," Columbia—"Vanity Fair," Pantages—"Vaudeville," Royal—"A Royal Divorce."

Miss Coleman, while waiting for screen tests for "Bluebeard's Eighth Wife," "but everyone can have pretty and well-kept hands and a woman should be as careful and as proud of her hands as she is of her face. She should preserve the smoothness of the skin with plenty of fresh water and pure soap. Lemon juice baths are good in cold weather. Witch hazel retains whiteness and keeps the flesh soft and pliable, yet firm. I might offer a word of advice to any woman who has sweet hands. That word is: Take care of your hands. He notices them and will admire you as much for pretty hands as for clean, white teeth."

With that rare coincidence so seldom found, Miss Coleman's hands photographed as well as they look, naturally. It was partly for this reason that she was chosen for a minor role in "Bluebeard's Eighth Wife."

ENTERTAINING BILL OFFERED TO PATRONS

Well Balanced Entertainment Offered at Opening Night at the Pantages

It was hard to pick out just which was the feature turn of the Pantages programme last night, but after long and careful consideration it might be safely asserted that the miniature circus, a number well carried out by William Hill's stable of dogs and mules, was the crowning event and the feature of the vaudeville entertainment.

Tricks that had been taught the animals were astounding. The ponies gave a parade, going through various drills, while later in the entertainment the "million dollar" pony was brought to the front and answered many questions put to him by the patrons. The mule also provided fun of a different kind. Needless to say, the animal show has been justly called "the aristocrat of the animal kingdom."

The remainder of the programme was evenly balanced, one turn being as delightful as another. "Parcel post," an exchange of witty sayings and comedy songs, provided healthy laughter and clean fun for everyone. Alexis Ruloff and Joan Elton were seen in an act of terpsichorean artistry from the Russian-imperial ballet. Fred Trahan, musical director, with his ear for rhythm, led the artists, and this feature of the programme proved to be a delightful one. Both artists have an aptitude for this variety of entertainment, while Alexis Ruloff is also musically inclined.

Syncretized music of every variety was offered by the Hubbell's singing jazz band. Music and vocal solos were rendered, while selections of the orchestra's own composition was played. That the act was appreciated was demonstrated by the vociferous applause conceded the players at the end of the act.

"Fools and Riches" played a very entertaining feature picture. Herbert Rawlinson was the leading player and the picture not only proved amusing but also contained a good moral.

COLUMBIA

Few, if any, novels have been so popular and been translated into so many languages as has Thackeray's "Vanity Fair." It has been done on the screen but once, ten years ago, but now in Thackeray's A. E. H. production, a new big feature photoplay founded upon the novel. It was made at the Goldwyn studios for distribution by that firm. Mabel Ballin is starred in it. It will be the attraction at the Columbia Theatre to-day, for the last time.

ROYAL VICTORIA

The big English production, "A Royal Divorce," which is based on the world-famous play that toured England and the continent for thirty years, opened for a week's run at the Royal yesterday. The story is the fascinating romance of Napoleon, the most wonderful personality in history, and the characters of Napoleon, the Empress Josephine, the Empress Marie

ROYAL TO-DAY A ROYAL DIVORCE

Such is the power and fascination of "A Royal Divorce," that it has cast a spell over every nation in Europe. In England, France, Spain, Belgium and every country on the continent, this picture is now playing in unheard-of sensational runs. Its appeal is SWEEPINGLY UNIVERSAL. Every man, woman and child in every nation of the world is fascinated by the story of Napoleon.

FIELD DAY AT SIDNEY FARM

Experimental Station is Host to Large Gathering

Sidney, Sept. 5.—It was a fine, sunny day for the Dominion Experimental Farm picnic yesterday, and a very large number of people attended the affair, which started at 2:30 p.m. with a selection by the veterans band from Victoria.

Professor Straight, director of the farm, welcomed the guests, and he had travelled between 7,000 and 8,000 miles but had never yet come across so many people together as on this annual field day, which he thought was a splendid institution.

Napier Denison, director of Gonales observatory, gave an interesting address on how weather is made. He said it took fourteen minutes from Japan to Victoria to record the terrible earthquake.

Marjory McNaughton of Victoria, sang "I Passed by Your Window" and as an encore, sang "Morning."

The next speech was made by G. L. Warren, of the Island Publicity Bureau, who spoke of the enormous good work the nuts, melons and canned fruits. Then came the distribution of ice cream, fruit punch and beautiful bouquets of flowers.

Results of the sports programme were as follows:

Boys under nine—First Dennis Styan, second Edgar Gibbons.

Girls under nine—First Alice Styan, second Pauline Clough.

Boys under twelve—First Frank Holderidge, second Jim Bond.

Girls under twelve—First Muriel Holderidge, second Nan Thompson.

Boys under fifteen—First Bertie Ward, second Cuthbert Baldwin.

Girls under fifteen—First Alma Curran, second Dorothy Gibbons.

Men's race—First G. Jarvis, second W. H. Warden.

Girls' age—First Alma Curran, second Dorothy Gibbons.

Tug-of-war—North Saanich and South Saanich, won by South Saanich by two straight pulls.

High jump.—W. McComb tied with G. Jarvis; their jump was four feet seven inches.

Broad jump.—First G. Jarvis, jumped eight feet one inch, second E. R. Hall.

Professor Straight gave as prizes the beautiful baskets of fruit which had been on exhibition.

NEWS IN BRIEF

To-morrow being a civic half holiday on account of the exhibition, the local post office will close at one o'clock for the rest of the day and afternoon carrier-service will be suspended.

A petition circulated among the Butchers Employers and Employees Association of the city secured 96 per cent. signatures as "strongly opposed to any annulment of the weekly Wednesday half-holiday."

On Saturday at 4 p.m., the water will be turned off on Island Highway from Colwood Hotel to Goldstream and also all along Metcalen and Albert Head Roads until about midnight to make connection to new main.

An announcement is made by Bert M. Filmer, of Vancouver, that a branch of the Coal Economizers Co. Ltd., manufacturers of a coal economizer which has been extensively installed, will be opened on the Island. The premises will be at 444 Yates Street, and will be in charge of Mr. Driscoll, who has twenty years' experience of business in B.C.

The coincidence of the meeting of the Victoria Police Commission on the same night as the reception and banquet to the British Empire Forestry conference delegates at the Empress Hotel on Friday evening next may deprive Mayor Hayward of the pleasure of attending the latter function. The police commission will sit to hear the report of Commissioner Stenland on beer clubs.

B.C. MILLS TO BE BUSY FOR JAPAN

(Continued from page 1.)

Cuts are expected by British Columbia mills.

To Give Lumber Cargo

Quick to appreciate the need of immediate assistance for thousands made homeless by the great Japanese disaster, the British Columbia Government will make a gift of cargo of lumber to Japan. Plans for shipping this cargo across the Pacific are under consideration here by Hon. D. Pattullo, Minister of Lands, Mr. Pattullo yesterday made a formal offer of the gift cargo to the Japanese Consul at Vancouver.

Mr. Pattullo explained to-day that the Government will co-operate with the timber industry of the Province in rushing lumber across the ocean. The B. C. Lumbermen's Association already has announced that its members are prepared to supply lumber at less than cost to meet Japan's immediate needs, and to co-operate with the Government in relief measures.

Mr. Turner announced that the Indian mine, adjoining the Premier and between it and the Big Mis-souri, is turning out to be a secret Premier. Investigation work which has been carried on quietly and conservatively for some time to make certain facts before any announcement was made, has now been completed. So satisfactory has been this investigation that machinery is now being installed, and production of ore on a large scale will start.

One is continuing along the strike of the vein and is thirty feet wide, averaging 25 to 30 tons. Mr. Turner said, "Twenty-five men have been employed on this investigation work for the last two years. A tunnel 3,000 feet long has been completed.

No stock is for sale to the public the Indian as the whole property is closely held by Montreal and Toronto financiers, Mr. Turner said.

"This is an important strike for the north country," Mr. Turner said. "They have a good mine in the Indian, which, now that it is going to yield big returns like the Premier, will lead to a great deal more of eastern capital coming into this Province."

A concentrator is also to be put in, Mr. Turner said. He is leaving at once to return to Stewart.

THE COACH'S JOB

Something of the taskmaster, the general and the diplomat, and a lot of the doctor must be hidden away in the man who would be the coach of a successful football or track team.

Emergencies of all kinds are his daily routine. A thorough knowledge of first aid is as essential as knowledge of the game played by his men.

Bumps, bruises, strained ligaments and muscles are every day happenings, and the coach never becomes contemptuous of them. He knows that if neglected, they may result in anything.

Trainers everywhere keep Absorbine Jr. in their lockers. They use it not only for sprains, cuts and bruises, but for the skin and blood protection of the disinfecting properties. In one convenient container it combines the functions of a number of preparations.

It is the first of all the First Aid requisites in use in all of the leading athletic clubs.

And there are just as many everyday uses for Absorbine Jr. in the homes of Canada as there are in the training camps. Always keep it in the house where you can "jump to it" in case of emergency. \$1.25 at your druggist.

EX-SHERIFF'S CASE AGAIN IN COURT

Application Made Before Mr. Justice Gregory in Chambers

Litigation has been dragging along against ex-Sheriff Richards and his late wife since 1895, his wife having died since the action was launched. The case came before Mr. Justice Gregory in the Supreme Court Chambers this morning when S. T. Hankey, appearing for Robert Taylor Williams, asked leave to file a statement of claim. In connection with the action in which R. T. Williams was named as plaintiff and Mrs. Elizabeth Richards as defendant an order was asked that Miss Blanche Louise Richards and Dr. B. Cummings Richards, executors for Mrs. Elizabeth Richards, be added as defendants. It asked that proceedings should be carried on between plain-tiffs and Mrs. Richards and Dr. Richards and also between the latter and defendants and that the writ of summons and subsequent proceedings be directed to the wording of the amendment. The amendment was allowed, the costs of the proceedings rendered necessary to be borne by plaintiff.

ISLAND MINERS WIN HONORS IN RESCUE CONTEST

Vancouver Island teams carried off premier honors in mine rescue and first aid competitions held in Ladysmith this week. The competitions were watched by Hon. William Sloan, Minister of Mines, and George Wilkinson, Chief Inspector of Mines, who returned to the Island to witness the high standard of knowledge and ability displayed by the miners from all over the Province.

"Under the auspices of the Department of Mines shield for mine rescue work with Fernie second and Nanaimo third. The Mines Department's cup for first aid work was won by Barton's team of Nanaimo with Beveridge's team of Cumberland second. Beveridge's team won the 'Coulter' cup for first aid.

Mr. Sloan presented the prizes. Bernard Coufield, of Fernie, and Andrew McDonald, of Herritt, acted as judges in the mine rescue competition.

The Nanaimo first aid team had to use its knowledge and skill before they arrived at Ladysmith for the competition. On the way down to Ladysmith a rear tire in their car blew out, splitting the front board and the back of the car and broke two men's legs. They were attended by their comrades and their places were taken by substitutes during the competition.

EARTHQUAKES MAY BE CAUSE OF MINE SLIDE

Rock slides that killed two men in Nanaimo mines last night may have been due to earthquake disturbances which have been sweeping areas bordering on the Pacific Ocean during the last few days. The earthquake caused the destruction of Japanese cities, it is believed by officials of the British Columbia Mines Department.

This belief is supported by records of the Gonzales Observatory here. Instruments at the observatory last night recorded earth tremors which indicated that large areas of land are settling down after the shocks that rocked them late last week. This settling movement, it is believed, may have caused the serious rock slide that occurred in Nanaimo last night.

CITY BEER CLUBS ARE CONSIDERED

City Would Require Amended Legislation to Secure Control of Situation

Furthering his investigation into the status, habits and operation of beer clubs, Police Commissioner W. E. Stenland was closeted with City Solicitor H. S. Pringle Tuesday. It is understood that the City Police Commission seeks advice as to what legislation would be necessary to give the city greater control over beer clubs.

City Solicitor Pringle was of the opinion to-day that under subsection 130b of section 54 and subsection 113a, both of the Municipal Act, the city had a measure of control over incorporated clubs, directly by license, and over unincorporated clubs indirectly and by inference, in that the city has power to pass a by-law compelling all partnerships and unincorporated clubs or companies operating as a club to appoint a manager. Power to license such a manager could also be obtained from the same source.

In the Vancouver city private charter power is given to define a club, but no such power is available here. The city, however, is considering amending legislation. It is possible that the next session of the Legislature to interpret what is meant by a club and to give wide powers to the city in its licensing and limitation.

Edmonton, Sept. 5.—Mrs. Hector Kennedy, of this city, has been notified that her brother, M. C. Maguire, of Toronto, has been thought to have been killed in the Yokohama disaster. He is safe in Kobe. The warehouse of the Greig Silk Company, with whom Maguire was employed, was completely wrecked.

JERSEY HERDS AT WILKINS DECLARED FINEST EVER SEEN

University Entries Score Grand Championship

Waikiki Wins Premier Herd Place

Indicating the tremendous importance of the Jersey breeds to British Columbia, and the factor this dairy animal has become in the annual Wilkies exhibition, yesterday afternoon one class mustered before Judge P. H. Moore was valued at around \$20,000, and declared to set a record for Victoria and possibly for the Province.

The all-around excellence of the breed's herd is chiefly shown by the graded herd of Jersey cows, which in the Jersey section attracted seven strings of five animals each into the judging ring. The powerful Waikiki herd of Spokane was represented by two entries, which succeeded in holding first and third places, the judge awarding the first prize to the Spokane place and the honor of splitting the famous Waikiki stock.

Wonderful Achievement

In addition to this honor for the University, remarkable because the whole herd except the aged bull has been bred by the faculty to attain certain defined objectives, the U.B.C. valued the grand championship for bull, and two championships for cows.

HAD NOT RECEIVED REPORT FROM CITY

Annual Report of Victoria City Reached Inspector Baird

In a letter to Mayor Hayward to-day Inspector of Municipalities Baird explains his remarks quoted in the press to the effect that Victoria City drew a warm protest from the city's sinking funds. This was taken up by Mr. Baird from his report to the Attorney-General on August 14, and was based on notions from the city's auditors. The annual report of the city was not at that time in his hands—but between the making of the report to the government and the publication of his remarks the city's report was received by him. The quoted remarks of Inspector Baird were a warm protest from the city, but to-day the situation was explained to the satisfaction of all.

HALF AS MANY FIRES AS LAST YEAR REPORTED

Conditions Still Hazardous in B. C. Woods, Rangers Warn

Half as many forest fires have broken out in British Columbia as far this season as last year, according to figures given out at the Parliament Buildings to-day. Up to the end of last week 1,123 outbreaks had been reported to forestry officials here as against 2,209 at this time last year. Conditions during last week throughout the Province, however, were regarded as hazardous, but rain during the week-end improved the situation in many districts.

Conditions in Cranbrook district are highly dangerous," the weekly report says. All the districts, including Vancouver Island, were "hazardous" last week.

So far this year the Vancouver district, including Vancouver Island, has suffered most from forest fires. No less than 431 outbreaks have been reported in this area. Nelson comes next with 180, then Prince Rupert with 155, Cranbrook 91, Prince George 79, Vernon 74, Cariboo 58, Kamloops 55.

MRS. A. O. WHEELER LAID TO REST AT BANFF CEMETERY

Impressive services were held at St. George's Church, Banff, on Monday, September 3 over the remains of Mrs. A. O. Wheeler, of Sidney, V. I., who passed away suddenly after attending the Alpine Club annual camp on August 28. Canon Montgomery officiated in the presence of a large congregation.

Conspicuous among the large number of beautiful floral tributes was that from the Alpine Club of Canada, of which Mrs. Wheeler is the founder and director. The tributes, a solid mass of white flowers was a replica of an ice axe in white and scarlet carnations, surrounded by a floral rope. The sections of the club in Vancouver Island, Toronto, Saskatchewan, New York and Calgary also sent floral tributes.

At the service the hymns "Rock of Ages" and "Abide With Me" were sung, with the Nunc Dimittis at the close.

The Burial Service was by C. A. Richardson, Major J. J. Walker, L. B. Moffatt, L. C. Wilson, A. B. Ballantyne and Ralph Rink, five being members of the Alpine Club of Canada.

CALL PAINTING TENDERS

Tenders for the painting of portions of the woodwork in the City Hall and Market Building were called for to-day by City Purchasing Agent E. S. Moffatt. The tenders are returnable on September 10, and will include the painting of fire escape and other portions of the buildings in question.

DRUG CHARGES ARE REMANDED

Defence Counsel Asks Remand Until Report Made to Minister of Justice

Charged on remand in the City Police Court with unlawful possession of drugs, Frank Williams, W. L. Smith and F. W. Eccles were further remanded at the request of H. G. S. Heisterman, counsel for the defence. The defence stated that in a previous hearing that two of the accused were members of the Royal Canadian Mounted Police, and were acting under orders of a superior officer at the time of their own arrest. To-day Mr. Heisterman stated he had been instructed by the officer commanding the detachment to remand the accused before the Minister of Justice at Ottawa, and asked for the remand until a report had been rendered to the Minister.

The fact that the Minister of Justice had not received a report in connection with the case was no ground for asking a remand in the police court, interjected C. L. Harrison, for the Crown. The accused persons stood before the court charged with a crime, and unless good and sufficient reason was given for a remand—such as the necessity of obtaining evidence or some similar point—he would urge the court to proceed. The accused had had one week's delay already, and now sought another week's remand. If the remand now sought would be final, he would consent.

In closing Mr. Harrison stated that he was going through with the case whether anyone liked it or not. "I consider an attempt has been made to suppress the case," he said, "but it is not going to be suppressed so far as I am concerned."

"It is here the case has to be fought out," assented Magistrate Jay, who granted the remand asked, "so that further investigation could be made on both sides. If needed, the trial will have to go on at the next proceedings, however," warned the court, "unless stronger reason for delay is given than that to-day."

It is a matter of public policy that this be investigated.

"Certainly," assented City Prosecutor Harrison, "it cannot be heard behind closed doors at Ottawa, or by anyone else."

Eccles was then formally charged on remand with a second count, that of being in unlawful possession of opium pipes and equipment. The same course was taken in this case. Bail was continued in the sum of \$2,000 apiece until the remand proceedings on Wednesday in next week. No evidence on either side was presented to-day.

RACES DRAW BIG CROWDS THROUGH FAIR TURNSTILES

hundreds of animals giving five thousand pounds.

The apparent thinness of these animals is chiefly charged against the journey from Chilliwack and Vancouver, in which the animals are being in heavy milk on a pasture diet. The contrast with the vastly handsomer show stock nearby is a striking lesson in what is possible as a result of better breeding, selection, feeding methods and attendance, while a perusal of the data posted over the show animals proves the milk and butter profit accruing to such practices, apart from the high prices realized for progeny.

NEW ISLAND RESULT OF BIG EARTHQUAKE

Springs up in Sea Off Yokohama: Two Million Refugees

Moscow, Sept. 5.—Reports received here by way of Vladivostok state that as a result of the earthquake convulsions attending the earthquake a new island thirty miles long and fifteen miles in width has sprung up in the sea off Yokohama. Many Japanese ships were sunk, according to the reports, the coast line was considerably altered and sea bed changed.

The crew of an American transport

while engaged in recovering bodies found that of French Vice-Consul M. Valentine.

It is reported from Peking that the number of refugees exceeds two million.

S.S. Basketball Association to Organize Friday

Annual Meeting of Organization to Prepare for Big Winter Season

Basketball will soon be coming to the fore again, and in order that the Sunday School Athletic Association may be prepared for the coming season its annual meeting will be held on Friday evening next at 8 o'clock in the Y.M.C.A. Building. Sunday school basketball has always been one of the feature sporting events of the winter season here since the association was formed in 1912, when four senior teams composed the league.

The league has grown in size each year, new divisions being formed and more players taking part until last season over 500 players were registered. Three years ago the local secretary got in communication with the Vancouver Sunday School Athletic Association officials and the outcome was the formation of an annual B.S. Sunday School League Championship competition. Handicapped cups were secured for these championships and the result has been gratifying to both the Victoria and Vancouver organizations.

Victoria Captured Them All

Victoria captured all three honors last year, when Belmonts Senior Men, First Presbyterian Senior Girls and James Bay Methodist Intermediate Boys won on the local "X" floor from their mainland rivals. More B.C. trophies were secured, and five teams journeyed to Vancouver the second year. First Presbyterian Men and the Fidelity Junior Girls brought home the B.C. titles, but St. Mark's teams of Vancouver annexed the Senior Girls, Intermediate Boys and Junior Boys' championships.

Last season the teams showed remarkable form and won four B.C. trophies against Vancouver's two. First Presbyterian Senior Men, Fidelity Senior Girls, Axioms Junior Girls and Metropolitan Intermediate Girls were the local teams which carried off the B.C. championship events, the mainlanders taking the Junior Boys' and Intermediate Boys' events.

These B.C. events will be held in Vancouver at the close of next season, and local teams will soon be getting into shape again for the struggle. The coming season should prove as good if not better, than last season, as most of last year's teams still have their organizations in running order, and can collect their players at a moment's notice.

"Bill" Erickson to Retire
"Bill" Erickson, who has been an official of the league for the past nine or ten years, has announced that he will not be up for nomination for president on Friday evening. The secretary will soon be getting the names of those who will be running for office. The registration committee was composed of three members, J. Simpson, J. C. Woods and A. McKinnon, the executive committee being R. J. Smith, Harry Lewis, W. Martin, John Simpson, W. Erickson, president; Art Hole, vice-president; C. Ferris, secretary, and W. Smillie, treasurer.

All these officers will have to be filled at the annual election, and it is hoped that a large representation of all those interested in Sunday school basketball will be present to get the season under way.

WEST SAANICH FORMS NEW ATHLETIC CLUB

At a large and enthusiastic meeting held last night at the Women's Institute, West Saanich Road, it was decided to form an athletic club. The club will be known as the West Saanich Athletic Club. The club will go in for all the winter sports such as football and basketball, and as they have a large number of athletes lined up, they promise to be formidable competitors in every line of sport they enter. Their next meeting will be held in the West Road Hall on Tuesday, September 11.

King of the Links

Player places ball on tee, then assumes his stance and while addressing the ball knocks it from the tee in his doing. Is there any penalty incurred for such a happening? What is the proper procedure?

If a ball when not in play, fall off a tee, or be knocked off a tee by the player in addressing it, such a happening is merely regarded in the light of an accident. The ball may be re-teed by the player without any stroke penalty.

Preston North End Has Yet to Score a Win in O.C. Football

London, Sept. 5 (Canadian Press Cable)—Preston North End, which have still to make their first victory, once more tasted the bitter fruits of defeat yesterday in the First Division of the English Football Association when they fell before Middlesbrough by a score of 4-0. The Middlesbrough club now ranks with three victories.

Football Teams Will Go Into Action Sept. 22

Five Teams Enter First Division With Two Games Stated Each Saturday

Football in Victoria will open two weeks from next Saturday. At the regular meeting of the Victoria and District Football Association held last night arrangements were made for the opening games.

The Victoria Wests, last year's champions, will meet the Islanders in one of the opening games, while the Navy and the Sons of England will furnish the thrills in the other game. The fifth team in the First Division, the Veterans, drew a bye.

When the meeting got down to consider the entries it was found that five clubs have appeared in action, but there are rumors that they will be very well served by former crack footballers.

It is not known yet whether or not a Second Division will be operated this season. Only one entry, from the Esquimalt Football Club, was before the meeting last night.

Both Boxers Are Counted Out When Their Blows Land

San Antonio, Tex., Sept. 5.—Boxing in a dramatic night, an open-air arena last night, a double knock-out was registered by Gene Larue, Canadian flyweight champion, and Kid Pancho, claimant of the southern flyweight title, in the fourth round of a scheduled twelve-round bout.

Big Boxers Are Now Engaged in Improving Speed

Dempsey Will Get Down to Fast Work To-day; Firpo Stepped Out Yesterday

Saratoga Springs, N. Y., Sept. 5.—After enjoying a day of complete rest, Jack Dempsey will swing back into his training grind to-day to continue work, without further lay-offs, until the finish of his campaign a week later. The champion suspended work yesterday on the advice of Manager Jack Kearns, who desired to guard against the danger of having Dempsey become too finely drawn.

Kearns announced the champion was in superb condition, without a worry on his mind and would start to-day to develop speed. Dempsey, according to Kearns, weighs 193 pounds at present, but plans to take off about four pounds in the next seven days. This will send him into the ring against Luis Angel Firpo weighing about 189 pounds, which, his handlers agree, is his best fighting weight.

Had Long Walk.
Dempsey did nothing more strenuous yesterday than to take a five-mile walk over the hilly roads surrounding Saratoga Lake. Accompanied by Mike Trant, the Chicago detective sergeant, Dempsey left camp shortly after 9 o'clock, returning in time for lunch. Then after an hour's nap, the champion spent the afternoon trying to defeat Trant and Kearns in a friendly card game.

Atlantic City, N. J., Sept. 4.—A little more speed, a little more power in the punches and a little less mercy on the sparring partners was noticeable yesterday in the first of Angel Firpo's heavy workouts for his battle with Jack Dempsey, September 14. The Argentine, still in a jovial mood, stepped seven rounds with his helpers and sent them all to the dressing room with chimes in their ears.

Stocky Joe McCann was unusually lively. He made Firpo dance a bit in their two rounds. Firpo slammed his right into McCann's ribs, and had the big fellow puffing at the end of the first round.

Put Frank Down.
Frank Koebel, the light-heavyweight, suffered most at the fists of Firpo. In the second half of their session the Argentine caught the Brooklyn youngster in the ribs with a right and Frank doubled up like a pocket knife. Koebel was soon able to resume with vigor. Natalio Pera took an unusually heavy mauling.

A number of Firpo's Buenos Ayres friends and admirers, who arrived in New York on Monday, were at the training camp yesterday. There were more than a score of Argentines here.

YORKSHIRE WINS COUNTY CRICKET CHAMPIONSHIP FOR SECOND YEAR

London, Sept. 5.—Yorkshire won the county cricket championship for 1923 with a percentage of 55.50, this being the second year in succession that the team has been victorious in the county championship matches.

Nottinghamshire were again this year second with a percentage of 65, having been runner-up last year with a percentage of 71.53. Lancashire was third this year with a percentage of 40. Surrey was fourth with 58.26. Kent was fifth with 55.55; Sussex sixth with 52.6; Hampshire seventh with 45.92; and Middlesex eighth with 40.99.

Bain interfered everywhere in the final games yesterday. Sussex defeated Somersetshire by seven wickets. Yorkshire defeated Glamorgan on the first innings, Brown 120.

Howard Wilcox, veteran of Speedway, loses life in race; E. Hearne wins.

Altoona, Pa., Sept. 5.—Howard Wilcox, veteran Indianapolis auto racer, was fatally injured in the inaugural 200-mile race on the new Altoona speedway yesterday afternoon when his car skidded and overturned on the 117th lap. His neck was broken. Wilcox died a few minutes later as he was being taken to an emergency hospital at the speedway grounds. He was in third place when the accident occurred.

Driving the 200 miles grind without a stop, Eddie Hearne, another veteran driver, won the race. His time was 1:47.37 3-5, at the rate of 111 1/2 miles an hour. Jerry Wondolick was second, Dave Lewis third, Fred Comer fourth, Benny Hill fifth, Frank Elliott sixth, Leon Durey seventh and Tommy Milton eighth.

By winning yesterday's race Hearne took the lead in the 1923 automobile racing championship race, officials declared. Jimmy Murphy, who is abroad, has a total of 1,970 points. Hearne had 802 points and his victory yesterday gave him an additional 400, or a total of 1,202, they declared.

Times of the other leading drivers were: Wondolick 1:48.53.28, Lewis 1:50.16.49, Comer 1:55.07.47 and Hill 2:00.7.21.

In addition to Wilcox four other drivers did not finish the race. They were Harlan Fongler, Earl Cooper, Harry Harris and L. L. Corum. All were forced out by engine trouble. Harry's car catching fire.

WINNIPEG BOY WINS
Winnipeg, Sept. 5.—Jack Reddick, Winnipeg, decisively outpointed Joe Quinn, of St. Paul, in a fast twelve-round bout last night, according to newspaper critics at the ringside. They are middleweights.

Four Splendid Clubs to Enter Senior Rugby

Victoria Rugby Union Holds Annual Meeting; "Heb" Gillespie Again Head

Four clubs will compete for the Barnard Cup, emblematic of the senior rugby championship of Victoria, this season, according to the information gleaned at last night's annual meeting of the Victoria Rugby Union.

The J.R.A.A., champions for the past three years, will have their hat in the ring again, and the Oak Bay Wanderers will take up the franchise held last year by the Wanderers. The Royal Canadian Navy will take up a third berth and it is expected that the Garrison and Militia will combine to form a fourth club.

There are rumors that the V.L.A.A. may field a team, and there is talk about a club entering under the name of Pendergast's Pups, but it is reported that Pendergast may throw his support to the Garrison and Militia fifteen.

Looking for Trophy
The Intermediate League will operate again this year, with Gordon Campbell officiating as supervisor. This league is anxious to secure a trophy for the island intermediate knockout series, which produced some good rugby last year.

Overnight Entries
Second Day, September 6
First race—Oak Bay Hotel claiming purse \$500. For three-year-olds and over. Six and one-half furlongs.

Calgary Golfer Wins Alberta Amateur and Open Golf Laurels
Calgary, Sept. 5.—Carson McWilliams, St. Andrew's Club, Calgary, who won the amateur championship on Monday, scored a double triumph when he defeated A. E. Crutenden, Mayfair Club, Edmonton, to win the open golf championship of Alberta yesterday afternoon. McWilliams played par golf, negotiating the course in seventy-two, five strokes better than his opponent.

VICTORIA GOLF CLUB

The following team will represent the Victoria Golf Club against the Seattle Golf and Country Club in the second half of the Biggest Golf Cup, to be played on the Seattle Golf and Country Club's course in Seattle on Saturday, September 8: B. Wilson, A. V. Macan, A. T. Goward, H. G. Wilson, J. A. Risher, R. Scott-Moncrieff, N. Pell, A. G. Bonney, W. F. D. Pemberton, J. A. Sayward, W. Parry, N. Rant, Capt. Westwood, H. Paterson, J. E. Dickson, C. E. Wilson, Stanley Haynes, Wm. C. Todd, A. G. Ford, H. P. Johnson, L. York, J. A. Virtue, E. D. Todd, H. O. Kirkham, W. L. McIntosh.

Victoria will play the first half of play for the trophy on May 19 by 56 to 34.

Jim Riley Will Not Don His Skates on Coast This Season

Seattle, Sept. 5.—When Pilot Peter Muldoon of the Seattle Metropolitans, calls his warriors out to prepare for the coming hockey season, one familiar face will be missing.

This was assured when a letter arrived from James Norman Riley, whose former claim to fame was his forward work on the ice with the Seattle Met, but who is now diggin' them out of the dirt around first base for the Beaumont team of the Texas League.

Riley says he is going to join the Washington Senators at the end of the Texas League season, and plans to spend the winter somewhere in the Sunny South, probably in Cuba, and has hung up his steel blades forever.

Dundee Is Wild Over Report to Cancel Fight

New York, Sept. 5.—The lightweight championship fight set for to-night at the Yankee stadium between Ben Leonard, king and challenger, has been postponed indefinitely, Jimmy Johnston, matchmaker of the Crownwell Athletic Club, announced yesterday, because of Dundee's poor physical condition.

Dundee, when informed of Johnston's announcement, said he would claim the lightweight championship of the world if Leonard did not meet him to-night.

Leonard Over Weight
"I will not agree to a postponement," he said. "If Leonard does not fight I'll claim the title and put it up to the New York commission."

Leonard wanted the fight postponed because he found he could not make the weight by to-night and was worried more time to reduce. "I was never in better condition," he said. "Nothing the matter with my name and there never has been. I am used to being a runner."

Issue Their Orders
The meeting unanimously endorsed a motion that the members of the Victoria and Squamish Indian Lacrosse Teams be instructed to take out amateur cards before Thursday night or be suspended. It is expected that both teams will comply with the order.

Looking Things Over

George Sisler will not play any baseball for the St. Louis Browns this year. He does not even intend to don a uniform and work out. At the opening of the season Sisler planned to get back into the game by August 15. It was his hope to get into the final series with New York here. His attending physicians had assured him there would be no doubt about it.

But Sisler still isn't playing. The doctors now tell him there isn't a chance for him to get into the fray this season.

"Typically I am in perfect condition," says George. "Hitting the stationary golf ball doesn't bother me, but doing the flight of a baseball even as a spectator is often confusing."

Up until now I have been very optimistic as to my chances of getting into the game shortly. The improvement in my vision, however, has been of such a slight nature in the last eight or ten weeks that I am beginning to worry whether I'll be able to play next year."

Britain has set out to win the next Olympiad, and if the trick is not pulled off, it will not be the fault of the English public in general, which is giving its money to send a crack team to the games in 1924. It has been generally admitted that England has lost much of her athletic supremacy during the last decade, due principally to the Great War, and to regain this a leading London newspaper has started a campaign for £250,000, the sum estimated as necessary to get together a team and send it to the Paris games next year.

The campaign has been on several occasions, and the flood of small checks has been continuous, and many of the large English firms have sent donations. Efforts already are being made to get the Olympic team, the training of which is to be begun under the supervision of the best English coaches.

The first recruit to the team is Harold Abrahamson, the Cambridge captain and star athlete, who has signed a contract to appear at the Olympiad.

WIN FOR JOE BENJAMIN

Los Angeles, Sept. 5.—Joe Benjamin, San Francisco lightweight, won over Eddie Digiano, also of San Francisco, by a technical knockout in the third round of the main event at Vernon Arena to-night. They met at catch-weights. In the semi-windup Eddie Magee, of Los Angeles, gave away about eight pounds and boxed a draw with Midget Smith, New York bantamweight. A special preliminary between Frankie Grandella, Spokane, and Benny Marko of Los Angeles, 115-pounders, ended in a draw.

PLAYER SUSPENDED
Boston, Sept. 4.—Sam Rice, right fielder of the Washington American League Club, has been suspended indefinitely. Manager Bush announced today to-day. The penalty was inflicted because of Rice's too strenuous argument with his manager who he was criticized for his playing of a fly ball in the second Labor Day game with the Red Sox.

EXHIBITION WEEK

In view of the all day holiday on Monday, this store will remain open all day to-morrow, Thursday.

EXHIBITION VISITORS! You will find a most cordial welcome awaiting you at this store. We invite you to take full advantage of its many conveniences such as the restaurant where breakfasts, luncheons and afternoon teas are served at popular prices; the restrooms and writing-rooms; information bureau, telephone booths and other service features provided for the comfort and convenience of our patrons.

SPECIAL DISPLAYS

Just now the store as a whole is particularly interesting for in every department are arranged attractive displays of new Fall merchandise gathered from the four quarters of the globe. Our Fall millinery opening and the season's opening sale of furs are two specially attractive events for to-morrow.

VISIT OUR DISPLAY AT THE EXHIBITION

While at the exhibition do not fail to visit our interesting exhibit in the Home Products Building where we are showing the latest and most authentic Fall modes in women's and children's apparel.

Genuine Hudson's Bay Point Blankets

Famous for their service-giving qualities, the standby of men on wilderness trails; the protection and comfort of hunters, trappers, explorers, prospectors and surveyors. Hudson's Bay Point Blankets, with the red woven "seal of quality" label are the only genuine pedigreed blankets. For outdoor or household use there's no other blanket that will give so much service or so much satisfaction. Hudson's Bay Point Blankets may be obtained in any of the following colors: navy, scarlet, green, grey, tan or white.

THE TIMES DAILY PICTURE PAGE

A GOOD SPORT.—Crow's-feet about his eyes. An ever-present smile. A face that seems in love with life. Sir Thomas Lipton. Just arrived in America. To send another Shamrock to try to beat America. "They put something in the water to keep me from winning before," he says. "It was the Reliance."

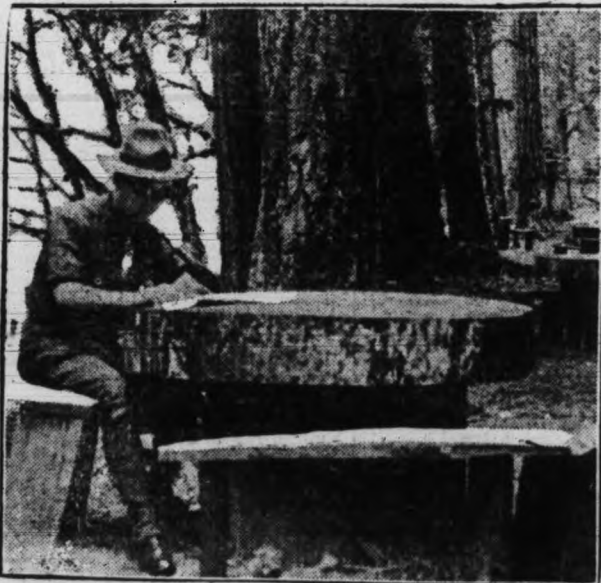

WATCH HIM!—This is Wallace McCamant, Oregon attorney, who is credited with putting through the vice-presidential nomination of Calvin Coolidge, resulting in Coolidge becoming president. Already, he is reported as about to receive offers of high positions.

WHEN EARTH BECAME A LIVING TOMB.—Ninety-seven men are known to have died, one is missing, and thirty-seven were rescued alive when an explosion rocked Frontier Mine No. 1 at Frontier, near Kemmerer, Wyo. Photo shows scene outside the mine during the rescue work.

MIRROR.—Look into this face. What do you see? Millie Ordille is only seven. But don't you see the misery of years in those pathetic eyes? She saw her father kill her mother. And then himself. At Hammonton, N. J.

EASY TO PICNIC.—One doesn't have to look long for a table in the Washington State Camp Ground, White River, Rainier National Forest. Just saw a tree—its cross-section will be big enough! Then build a bench or two.

RISK DEATH.—Montford Warshawer (top) and R. G. Conant, Milwaukee air pilots, have established a new record in flying. In a land plane they flew across Lake Michigan from Milwaukee to Holland, Mich., a distance of eighty-five miles, in fifty-seven minutes. Never before has a land plane attempted the trip, for to have fallen in the water practically meant certain death.

APPOINTED.—Appointment by President Coolidge of C. Bascom Slomp as "secretary to the president," gives the administration, politicians say, the services of a man strong politically in the south. He comes from Virginia, and is noted as being effective in gathering southern votes in a convention.

THIRTY PENNIES.—"Ha, ha," was the comment of Senator Smith (above), when he learned that W. T. Meredith (below), former Secretary of Agriculture, threatens to sue him for thirty cents damages. Meredith, Brookhart charged in a speech, helped deflate farm prices in 1922. Both men promise more fireworks.

HIS HOBBY.—Charlie Chaplin, the movie mirth provoker, likes to get away from the glare of studio lights now and then and go fishing. The monster in the photo laughed so hard at Charlie's antics, fishermen near Los Angeles say, that it proved easy to capture. We doubt that.

ARKANSAS MEMORIAL COMPLETED.—Roy Auken Sheldon, of St. Louis, Mo., has just completed the modelling of this figure of Pallas Athena, Goddess of War, after seven months' work in Paris and Vienna. It will be erected on a cliff at Paragould, Ark., as a memorial to men killed in the World War.

SCHOOL DAYS By DWIG

FOLLOWING THE MINE EXPLOSION DISASTER at Frontier Mine No. 1, near Kemmerer, Wyo., burials were held of the ninety-seven dead. It required many grave-diggers to complete the gruesome work.

FOLLOWING A CLOUDBURST RECENTLY.—Nine bodies of campers have thus far been recovered on the Lincoln Highway between Salt Lake City and Ogden, Utah. Huge boulders were washed into the canyon through which the highway runs. Traffic was blocked for four days.

VETS' GOOD FORTUNE.—Mrs. Alfred Carlier, wife of a Belgian war veteran and wealthy importer of New York, is to return to her native city of San Francisco in October to assist in entertaining 150,000 American Legion members expected to attend the Legion's fifth annual convention. She did war work in the Golden Gate city during the war.

THE TEST NEWS FROM FINANCIAL CENTRES

RETAIL MARKETS APPEAR SETTLED

Few Changes Mark Latest Reports; Pears and Blue- berries in, Cherries Out

There were few changes reported on the retail market to-day, and with the exception of tomatoes there have been few outstanding variations in prices. The tomatoes grown fruit is selling at 12c per pound, and outdoor grown tomatoes are 10c per pound. Tomatoes have fallen to a level now which may be permanent for the remainder of the season.

Local Bartlett pears are now procurable on the retail shelves, and usually sell at 4 pounds for 35c. This price is not fixed, for since the season has just started the price of the fruit is bound to be fairly high and unsettled. The present cost of Bartlett pears surprised dealers in some circles, as they believed the price would be greater to some extent than it stands at present. Cherries are out completely.

Blueberries are also on the market and selling at 25c per lb. This delicious fruit is expected to be more plentiful this season than it was last. It is believed that the present price, which is somewhat high, will eventually fall to a more satisfactory level before the season is over and before any great length of time has elapsed.

In the meat markets several changes in the price of the fresh goods have occurred, the most notable being jumps in sirloin and shoulder steak, which now sell for 32c and 15c per pound respectively. The prices have been revised as follows:

LOWERED LEVEL PRICES PURCHASING

(By Burdick Bros., Ltd.)
New York, Sept. 5.—The market had a heavy appearance early, but the volume of liquidation that made its appearance was insignificant and it was again quiet. The market was a rather good demand for the lower level.

As the season progressed the market showed strength and the light offerings in many quarters caused recent sellers to feel inclined to retire. Several specialties where specific influences seem to have worked were prominently strong, especially in the case of the steel and the latter issues much of the buying was based on the belief that earnings warrant the expectations of possible dividend increases.

The Iron Age report was of a more favorable interpretation. Oils exhibited much better feeling, and the steel and the latter issues much of the buying was based on the belief that earnings warrant the expectations of possible dividend increases.

A broad demand for many things will come from that country in the very near future essential to rehabilitation. The recovery of the steel industry, despite some of the recent unfavorable occurrences, continues to point upward.

"Advertising is to business as steam is to machinery."
YOU DO MORE BUSINESS
The world has had its crises and its wars, but the important thing has been its progress. As a business man of to-day, you are a man of the future. You must make a crossing before he can succeed. To do that means to ADVERTISE. For in no other way can the gospel of his business be spread so economically. In no other way can it be pounded home so effectively. We write and place advertising for all classes of business.

FOR THE CHILDREN

The Sandman Story For To-night

THE PRINCESS OR A TIGER

Part I
Once there lived a Princess named Tina who dearly loved her father the King. One day he told her that she must choose a husband from among the princes he would send for, because some day she would need a husband to help her.

Now this Princess did not wish to marry. She wanted to have her own way and she knew that if she married she would have to yield in many things to her husband, even though she was a queen.

So she told her father that he need not send for the princes to visit the castle. "Because I am going to be an old maid, father, and never, never marry," she told the King.

"What nonsense is this!" cried the King. "A daughter is all I have and she refuses to marry. I'll not have such foolishness. Either you marry or you leave my kingdom and I will find a son to rule after me."

Princess Tina was very much surprised for she had never been crossed before. But she was not too surprised to get very angry, so she stamped her pretty little foot and declared she would not marry and ran from the room.

But the King was determined she should obey him and he summoned the princes from far and near to attend a grand ball which he would give.

The night of the ball Princess Tina was very unhappy. She threw herself on her bed and cried like any

OPPORTUNITY KNOCKS BUT ONCE THIS IS YOUR CALL

CARLEY ROAD—Only three miles from the city, attractive six-roomed bungalow of solid brick construction. Two open fireplaces, bathroom, like her own child—heard her sobs and came into the room. "Dry your eyes, my darling," she said. "Your old nurse will save you. But it will not be a pretty way to gain your desire to remain single."

"Tell me quickly how I can keep from marrying any one of those princes," said the Princess, jumping up and throwing her arms about the neck of the nurse.

"Shh! This is the pocket of your dress," said the old nurse. "Don't let any one see it and to-night when the prince is all before you slip this bit of ivory over one of your teeth. It will change you into a tiger and I think your father will have a hard time trying to hold even one of the suitors who has asked for your hand. Run into the forest while all the confusion is going on and I will help you all I can, for all you need to do to regain your own form is to slip the bit of ivory from your tooth."

This pleased the Princess very much. It would be great fun to see the princes run away from her, she thought. It would also be an adventure. Princess Tina had never been away from the castle where she lived and now if her nurse would help her and expected to have not only her own way but a great adventure as well.

But the Princess did not foresee what would happen and the willful little girl had more of an adventure than she had planned to have. When the maids returned to dress her in her ball gown they were relieved to find the rebellious Princess they had left shortly before smiling and quite ready to be dressed.

"Make me look beautiful," said the Princess, and then she laughed aloud as she thought of the frightened prince fleeing from the savage tiger she would change into before their very eyes.

When Princess Tina was ready was sent to the King, and led, not by the hand of her father, but to the grand ballroom to present her to the suitors who had come to buy their hearts and hands at the feet of Princess Tina.

Mountain goat are to be introduced on Vancouver Island by the B.C. Game Conservation Board. A herd from the Banff National Park is to be liberated at Shwam Creek, Cowichan Lake, in the elk game preserve there.

Musk-rats are also to be introduced on Vancouver Island. They are to be caught in large numbers in the lower Fraser Valley, where they are damaging dams, and brought across here. Some will be put on Queen Charlotte Islands.

Deer on Denby and Hornby Islands, in the Gulf of Georgia, have been getting smaller because of inbreeding. The stock is to be revitalized by the establishment of the game preserves on Nelson and Hardy Islands, where breeding stock will be renewed and a nucleus created for other herds.

Phasants, quail and red fallow deer are to be introduced on Queen Charlotte Islands. It is expected they will do well, as there is an absence of cougars and other predatory animals on the islands.

When the judges began totalling results it was found, to the amazement of everybody concerned, that the Albert collection entered by Vice-President E. White was matching point for point.

The Richmond display was the stronger in grasses, grains and field roots, while Albert made gains in flower and vegetable seeds, poultry and preserved vegetables and fresh and preserved fruits, the final totals being Richmond, 2,191; Albert, 2,173. The Cowichan champions of last year only obtained 1,970 points, and the improvement by Albert is shown by last year's aggregation of 1,775 points awarded.

COSTLY OMISSION

Two samples of cheese which were left behind in Albert when packing the exhibit, are probably the most costly dairy products on Vancouver Island, as the lack of those twenty points deprived Albert of the \$400 first award, second money being \$300.

RICHMOND WINS DISTRICT DISPLAY AT WILLOWS FAIR

Albini Shares Honors of Eclipsing Last Year's Winning Collection

The closest competition seen in years yesterday afternoon, saw the winning by Richmond of the district display competition at the Willows Fair.

Although there was only the Albert entry to be met, the Richmond enthusiasts insisted in piling up an assurance of over two hundred more points than the figure attained last year by the winning Cowichan display.

When the judges began totalling results it was found, to the amazement of everybody concerned, that the Albert collection entered by Vice-President E. White was matching point for point.

The Richmond display was the stronger in grasses, grains and field roots, while Albert made gains in flower and vegetable seeds, poultry and preserved vegetables and fresh and preserved fruits, the final totals being Richmond, 2,191; Albert, 2,173. CITY WONDERS WHY OAK BAY TAKES THE FEE

Victoria Provides Racing Support; Oak Bay Issues the License

The right of Oak Bay Municipality to levy a tax on horse racing at the Willows Grounds, the city's property, was challenged by the City Council in session last night when it adopted a report of the Finance Committee, which met yesterday afternoon. The report contained the following recommendation:

"That the City Solicitor be asked to advise on the whole position in regard to horse racing at the Willows Grounds, and particularly as to the right of the Municipality of Oak Bay to levy a tax upon horse racing held on the city's property."

City's Position Unique
Alderman Ker, in rising to move the adoption of this portion of the report of the Finance Committee, stated it was common knowledge that the city had been deprived of \$5,000 as the action of the neighboring municipality. The city had large interests at the Willows, he continued, and while the act under which the municipality had acted was a general one, conditions between the city and Oak Bay were unique in many respects.

Suggests Amendment
Alderman Ker closed by suggesting that Mr. Pringle be asked to advise as to the procedure necessary towards seeking an amendment at the next session of the Legislature to the legislation now being operated to the detriment of the city. The report was adopted without discussion.

Chamber Matters

An invitation for the mayor and councillors to be present at the Chamber of Commerce rooms tonight to hear C. J. Yorath, city commissioner of Edmonton, Alta., speak on "City Management," was accepted. A protest came from the same body declaring Ross Bay Cemetery as viewed from the Marine Drive to be an eyesore, coupled with a suggestion that a hedge would obliterate the defect. Suggesting the matter be referred to the Parks Board, Alderman Andros and Dewar, Mr. Purdy, in charge of the city parks, had done all in his power to induce growth there, but without avail. If others thought they could succeed, suggested Alderman Ker, ironically, they should be given a chance. The matter was referred to the Parks Board.

No Action Taken

A report from Alderman Woodward suggesting that community service clubs be invited on a tour of the city's parks and scenic places, with a view to removing any doubts that remained in the public mind as to what was being done, was tabled in the absence of that alderman. Alderman Andros and Dewar said they could not immediately necessarily for the expense of such a tour. The motion to table carried.

Bridge and Reserve Work

A recommendation from Engineer P. M. Preston and Purchasing Agent E. S. Mitchell that the tenders of W. W. Fraser, Vancouver, and the Puda Company, of Chicago, the only two received for the Johnson Street bridge barriers, be refused and an independent offer of the former on another set of specifications accepted as a compromise was ordered referred to the Public Works Committee on a motion from Alderman Todd. The Fraser tender did not comply with the specifications advertised and the Puda Company's offer was out of order, it was found. The motion carried without discussion. The price

offered by the Vancouver concern on the compromise is \$1,692.50. Mayor Hayward reported that following a conference with the Deputy Minister of Lands yesterday, the Government stood willing to share half and half to a maximum of \$250 apiece, the cost of macadamizing a strip of road on the Indian Reserve, by the Sidney Rubber Roofing and other plants there. The work was authorized by the council on those conditions, at an estimated cost of \$500.

Bridge Tenders Opened

Tenders for the Johnson Street improvement division of the city were opened, three being received in all. The Cotton Company, of Vancouver, asked \$14,938 for the work; Parfitt Bros., of this city, quoted \$11,900 as their price; City Engineer P. M. Preston tendered an estimate of \$10,800.50. The tenders were referred to the Public Works Committee, the City Engineer and the City Purchasing Agent for report.

Police Clothing

Tenders for police clothing, twelve overcoats, were received as follows: Charles Pendlebury, \$35 each; W. A. Sprinkling, \$39.50 or \$42.50 each; D. P. Sprinkling, \$35 each; Shafer and Creighton, \$39.50 or \$42.50 each. The tenders were referred to the City Police Commission and the Purchasing Agent for report. Miscellaneous tenders of the Victoria Machinery Depot and the Victoria Brass and Iron Works, recommended by the Finance Committee in its report were also adopted.

The action of Mayor Hayward in proclaiming Thursday a civic holiday and asking for the support of the public received the hearty endorsement of the council. The School Board is expected by the council to follow suit, but the point was left to the discretion of the latter body which none has power over the matter.

The third annual law-by-law, to be brought before the council this year, for \$154,000, was adopted in committee without change. The passage of this by-law will bring city borrowings for the year up to \$1,150,000, as compared to \$800,000 last year. The town planning measure, known as the Building Lines By-law, received a further hoist of one week, being held until the next meeting of the council.

FIFTY NEW PUPILS AT LAMPSON STREET

Esquimalt Schools Begin Fall Term Auspiciously

Esquimalt schools opened yesterday for the Fall term. Chairman Bert Mantrop and Major George Sisman attended at Lampson Street school as representatives of the Board of School Trustees, and Major Sisman presented the high school entrance certificates to the members of last year's entrance class. Miss Elizabeth Mary Cochrane won Reeve Lockley's gold medal for the highest total of marks in the entrance examinations. The total enrollment at Lampson Street school was 487, and of these fifty were new pupils. The high school had an enrollment of sixty-one, an increase of eighteen over last year. Principal H. L. Campbell begins his service as head at Lampson Street with a staff of seventeen teachers, more than last year. The following are the teachers of the eight grades: Principal H. L. Campbell, Miss D. F. Boyden, J. E. Sanders, Miss L. M. Knappell, Miss Hutchinson, Miss I. M. Burnes, Miss Violet Adams, Miss Vivien Colbert, Miss M. McNaughton, Miss Olive Severs, Miss Nina Walks, Miss K. Mulvey, Miss E. M. Collier, Miss E. Driver, Miss A. Emery, Miss K. M. Parkinson, Miss D. McKay, domestic science, Miss A. C. McKinnon; manual training, Mr. F. Waddington; school nurse, Miss M. E. Morrison.

BRINGS ADVICE TO LOCAL MERCHANTS

Urges Merchants to Get Better Acquainted With Their Businesses

W. H. Farley, of the merchant service division of the National Cash Register Company, last night came before an audience of retail dealers at this city, presenting a proposal which he said, if followed out, was guaranteed to bring profitable and satisfactory results. In addressing the audience of merchants, most of whom had had considerable experience, Mr. Farley felt that he must give them his credentials and pointed out that he, too, had been a retailer and that therefore he was acquainted with their business. "I am a merchant," he said, "and I know that you are a merchant. I have had seventeen years of experience in the retail business, and I have had seven years with the company with which I am at present connected."

Mr. Farley attacked his subject in a straight-forward manner, first directing the minds of the merchants before him in the channels which he considered as the most profitable. "You are working for your clerk?" This was the question the speaker put to the audience. "I am not," he replied, "I am working for your clerk. I am a merchant, and I know that you are a merchant. I have had seventeen years of experience in the retail business, and I have had seven years with the company with which I am at present connected."

Record of Service

In order to keep some record of what clerks are doing, Mr. Farley stated that it would be well worth the while of the retailers to ascertain what was the average sales of their clerks. "I am a merchant," he said, "and I know that you are a merchant. I have had seventeen years of experience in the retail business, and I have had seven years with the company with which I am at present connected."

In order to have a successful business and one which is always going ahead, it is necessary to keep the amounts of transactions and generally bring more money into the concern through the clerk in order to make a thirty per cent. increase each year. Mr. Farley pointed out that ninety per cent. of the customers of a store are brought in by quality and service more than they were by price, as long as the price was not exorbitant. In this way, he pointed out to the merchants, service and quality were invaluable to the business man.

Listen to Salesmen

He urged that all the salesmen of different rival stores be given a fair hearing with their wares, for very often the merchant who dealt with one friendly house and no other would sometimes find that he was being fooled by the very wholesaler he believed to be his friend. The man who wished to be successful must give a hearing to all salesmen, who had lines of goods similar to those which he carried.

There is a constant need of information necessary to keep the merchant in close touch with his business, and Mr. Farley said he could urge too strongly or recommend too freely that every merchant gain a knowledge of the cost of waiting on each customer and the amount of the average sale in his store. In this way a merchant can keep in the closest connection with his business and maintain a knowledge of what his clerk is doing.

Mr. Farley's advice was well received by the merchants.

H. O. Kirkham, president of the Retail Merchants' Association of this city, was in the chair. The lecture was given in the Chamber of Commerce auditorium.

HOPE TO RAISE FUND FOR HOSPITAL ROOM

G.W.V.A. Confident on Outcome of Saturday's Tag Day

The Great War Veterans' Association is fully confident that the \$600 it is seeking at next Saturday's tag day to provide a Great War Veterans' Room in the Jubilee Hospital will be raised. The President of the Association, Comrade George Ingledew, expressed thanks at last night's meeting to the women's organizations in this city that had generously offered to help on tag day.

There will be a meeting of all ladies interested in this tag day at the headquarters of the association, Fairbanks Morse Building, at 8 o'clock on Thursday evening.

The secretary reported another big increase in the number of former members of the association who are returning to the G.W.V.A., and other new members enrolled since the last meeting. It was decided to have an initiation ceremony and smoking concert to install the new members.

It was decided to install a gas-heated room in the quarters at a cost of roughly \$300.

Plans for the entertainment of the American Legion visitors next Saturday as made by the joint committee of veterans' associations were reported upon.

HEAR ROTARY MAKES QUICK GROWTH NOW

Frank J. Sehl, vice-president, and T. J. Goodale, secretary of the Victoria Rotary Club, have returned to the city after conferring with rotary heads from all over the Pacific Northwest at Olympia, Wash. Much business important to rotary was conducted at the Olympia conference, according to the Victoria delegates. Reports on the satisfactory progress of rotary all over the world were submitted to the conference by Frank Lamb, international vice-president, who stated that in northern Europe rotary was spreading so rapidly that promotion work was not needed there. Mr. Lamb pointed out that the central rotary organization had grown to such an extent that it now spent \$600,000 a year. Governor Louis F. Hart, of the State of Washington, was another speaker at the meeting.

BOARD'S ESTIMATE PROVED ACCURATE

Attendance at City Schools Remains Practically Unchanged

Slight Adjustment in Distribution Will Meet Requirements

Though the figures are taken as tentative until completed returns are made, School Board authorities place enrollment of students in the public, graded, schools at 4,595, as compared to 4,565 in the closing month of last term. The decrease, however, is a little more than the figures show, as the first total includes 187 Chinese pupils who have entered their names for tuition this Fall.

The figures are exclusive of attendance at the City High School, which show a marked increase in the preliminary year, but little change elsewhere. It is thought that one additional teacher will be required for the High School, but decision on this situation will not be made for several days yet.

To the Times last night Municipal Inspector George H. Deane explained that in general the school attendance is what was estimated it would be.

Only slight changes will have to be made to take care of uneven distribution of attendance over the school area. This will be accomplished, in the main, by a shifting of school district boundaries without any difficulty occurring.

Figures for domestic science and manual training classes are not yet known, only first counts being in the hands of the authorities after the enrollment yesterday. The total attendance shows a decrease of about 300 to 350 pupils from the number enrolled at the end of September last year, but this decrease is more than likely to be made up by the end of the month, it is expected.

In a follow-up campaign started by Inspector Deane recently it was found that the school population was a transient one. In one holiday period 500 children left the city, but their places were taken by a like number arriving with their parents to settle down in this city.

In view of the transient nature of the field from which the schools draw their attendance the School Board authorities are pleased that their estimates have so closely approximated actual figures. The class ratio per teacher will be raised shortly, but there will be no crowding, it is now certain.

SAYS TOURISTS BRING SETTLERS

Los Angeles Man Advises Publicity Bureau Here to Advertise City

J. A. Taylor, an official of the Y.M.C.A. in Los Angeles, writes to the Publicity Bureau here, stating that there are a great many people who might be interested in Vancouver Island and Victoria as a home land if they were canvassed through letter, and suggests some possible settlers for this island. In his communication he points out that the tourist traffic is responsible to a great extent for the influx of settlers, and advises that Victoria be extensively advertised.

"In all my travels," his letter reads, "your city ranks as my favorite spot, and even while here, I am showing many of the wonders it possesses to those interested. Mr. Taylor suggests that the Publicity Bureau here communicate with the people he has suggested as prospective settlers, and believes that once the island has gained a reputation as a tourist resort, the settlers will follow immediately."
